

Steels Start Stock Drop

Composite Price Set At 37.1 as Trading Climbs Greatly

NEW YORK, July 22.—(AP)—The stock market's efforts to prolong its rise were frustrated Wednesday by a sudden drop in steels just before the close.

Steel common led the retreat with a slide of 1 3/4 points and Bethlehem just as promptly yielded 1 1/2.

The Associated Press 60-stock composite was unchanged at 37.1. The rail average rose 2 of a point. Transactions totaled 435,510 shares compared with Tuesday's 283,882.

Du Pont declined 2 points and Allied Chemical was off 1. Fractional losses included Crucible Steel, Youngsdown Sheet, Chrysler, American Can, Westinghouse, Anaconda and Montgomery Ward.

Among higher closings were Sears Roebuck, US Rubber preferred, Santa Fe (this reached the best price since 1938), Southern Pacific, Southern Railway, Union Carbide, Air Reduction, Eastman Kodak and Johns-Manville.

Vine Fruit Harvest Is Nearing Peak

NORTH HOWELL.—The end of this week will see the peak of the vine fruit harvest in this community although picking will continue another week or more.

Black caps are practically finished as well as red raspberries, but loganberries, boysenberries and youngberries still demand close attention and the crop has been very good in spite of the hot weather at times.

Prices for the product and for picking are so attractive that vagaries in weather conditions are readily excused.

Hay crops are rapidly being stored in barns and much local hay has been baled.

Selling Lack Boosts Wheat

CHICAGO, July 22.—(AP)—Absence of any important hedge selling, a moderate amount of mill buying and falling off in the movement of the winter wheat crop combined to advance wheat prices Wednesday.

After opening barely steady, and showing little inclination to move during early trading, wheat rallied strongly before the close and finished on gains of 1/2 to 1 cent with July at \$1.17 1/2 and September at \$1.20 to \$1.20 1/2.

Traders regarded the lifting of the embargo on free wheat entering Kansas City as indicating that buyers were in the market for liberal amounts of cash wheat.

Falling off in the movement of the winter wheat crop also was viewed as favorable toward prices by traders. Receipts of cash wheat at primary markets totaled 1,794,000 bushels, a decline of 649,000 bushels from a week ago.

Wednesday's total compared with 3,019,000 bushels a year ago. Weather conditions the past week were favorable for the rapid progress of winter wheat harvesting, a government bureau report said.

Salem Heights Folk In Automobile Mishap

SALEM HEIGHTS.—While returning from a vacation in Olympia, Wash., Mr. and Mrs. F. J. Bradshaw and family were in an accident and their car was wrecked. They were waiting on the bridge for the traffic light to change when a car came up behind them and which was unable to stop.

USDA Raises Butter Price

Production Stimulation Reason Given for Supported Figure

WASHINGTON, July 22.—(AP)—The department of agriculture has announced it would raise the price it pays for butter and some other dairy products to stimulate production for civilian and war purposes.

The price of butter will be supported at 39 cents a pound (92-score, Chicago basis) as against the hitherto existing price of 36 cents, and cheese will be supported at 21 cents (US No. 1, Wisconsin cheese exchange basis), as against 20 1/2 cents.

The agricultural marketing administration will buy dry skim milk at 14 cents a pound for spray process powder (as against 13 1/2 cents at present). However, the price for roller process powder will be cut from 12 cents to 11 1/2.

Evaporated milk will be purchased at \$3.10 a case in strapped export cases, as compared with the present price of \$3.20.

Both the spray and roller processes are methods of converting skimmed milk into dry form. The announcement said the United Nations need more spray process skim milk but that the government has been acquiring the roller process product "at a considerably larger rate than is necessary to meet lend-lease requirements."

Resume Hay Harvest

Farmers Complete Corn Hoeing During Lull Due to Weather

UNIONVALE.—Haymaking, at a standstill on farms for a week, is again progressing. Work is being rushed to get the hay in barns before harvesting of the various grain crops start.

The lull in hay making gave time for farmers to complete the much needed hoeing in cornfields. The sultry weather is ideal for corn and various fruit crops as many berry fields were ripening slow because of the damp cloudy weather just ended.

Harvesting of Royal Anne cherries for home canning is completed here. Women and girls assisted in many farm activities during the rush of work. Fred Witbee and son Fred jr., began combining fall sown barley Tuesday.

Lyons Pastor Is Given Welcome

LYONS.—The Lyons Methodist church members sponsored a reception in honor of Rev. and Mrs. Rook held at the community hall Sunday. A covered dish was served at 7 o'clock. A song service and a short address by Rev. Rook followed.

Suttle Lake Camp Closed

LYONS.—Epworth League members who attended the Epworth League institute at Suttle Lake returned Saturday.

Miss Fannie Wilson is spending several days at the home of Mrs. Arthur Leffer in Stayton. Miss Beulah Lewis who is employed at the TB hospital in Salem spent the weekend at the home of her parents Mr. and Mrs. Clyde Lewis.

Miss JoAnn Crabtree returned to the Good Samaritan hospital in Portland Monday after a three weeks vacation at the home of her parents, Mr. and Mrs. Everett Crabtree.

The new officers for the Lyons Epworth League were installed Sunday by Rev. Rook: Elaine Clippell, president; Lucille Lewis, first vice-president; Helen Nye, second vice-president; Marjorie Thompson, fourth vice-president; Mary Owen, secretary; Perry Clippell, song leader; Betty Jean Bodeker, pianist; James Nye, treasurer; Mrs. Alex Bodeker and George Clippell, advisors.

Marion Nye and James Nye were unable to attend and will be installed at a later date.

The new officers for the Lyons Epworth League were installed Sunday by Rev. Rook: Elaine Clippell, president; Lucille Lewis, first vice-president; Helen Nye, second vice-president; Marjorie Thompson, fourth vice-president; Mary Owen, secretary; Perry Clippell, song leader; Betty Jean Bodeker, pianist; James Nye, treasurer; Mrs. Alex Bodeker and George Clippell, advisors.

Loop Harvest Is Started Monday

HOPEWELL.—The harvesting of 500 acres of various grain crops with a power binder was started Tuesday at the Ed Loop farms in this and the Wheatland district. Prospects are for a good crop.
