GENERAL MacARTHUR'S **HEADQUARTERS**, Australia, Tuesday, Aug. 4-(AP)-Japanese forces established in the Gona-Buna area on the northern coast of New Guinea have been reinforced by small numbers of troops and supplies, it was indicated Tuesday in reports that Japanese shipping had gone to that area.

An army spokesman disclosed that the original naval force which made the landing there July 22 consisted of two heavy cruisers, three destroyers and five transports. Of this invasion force one transport was sunk and two received direct hits.

The size of the original force has been estimated at 1500 to 2500.

Tuesday's daily allied command communique said the ground situation remained unchanged at Kokoda, inland jungle town toward which Japanese patrols marched overland to come in contact with allied patrols. Allied planes strafed the Japanese positions there Monday, the communique said.

The headquarters statement that the situation was unchanged at Kokoda was interpreted to

By DREW MIDDLETON LONDON, Aug. 3-(AP)-Neutral accounts of painstaking German defense maneuvers along the "invasion coast" of Norway emphasized Monday that Adolf Hitler's generals are taking more and more seriously the threatened second front. While the nazi government intensified its propaganda to build up public faith in the strength of its western defenses, fire was added to second front talk by the announcement of The Netherlands' government information bureau that Prince Bernhard, husband of Crown Princess Juliana, is making preparations "for a re-

turn to The Netherlands." Prince Bernhard, recently made a Dutch major general and rear admiral and given "new duties" suggested a Dutch commando assignment, was said to have discussed his new work and his preparations with Queen Wilhel-

Soviets Stand Firm Against Drive Over Don at Tsimlyansk; Planes Strafe Troops of Both Armies

By HENRY C. CASSIDY

MOSCOW, Tuesday, Aug. 4 .- (AP)-Soviet troops fighting in the Don river elbow 80 miles northwest of Stalingrad and in the Salsk-Kushchevka area of the western Caucasus were reported officially early Tuesday to have killed more than 9500 Germans in a successful 24-hour stand.

In the area of Kletskaya northwest of Stalingrad the midnight communique said, two Russian units killed more than 1300 Germans, and added that the red peasant army still was dealing "counter blows against enemy tanks and motorized infantry."
