## Stocks Drift Through News

Issues Listless, Slow To Start; Average Drops .1 Point

NEW YORK, Aug. 6-(AP)-The stock market Thursday weathered another cloudy news budget without seriously disturbing effects.

The list had to contend with the critical position of the Russians in the Caucasus, the darkening outlook for the United Nations in India, tax doubts, expanding priorities and the growing shortage of manufacturing materials for the war effort.

The Associated Press average of 60 stocks was off .1 of a point at 36.1. Transfers totalled 248,773 shares compared with 289,919 the day before.

The apathy of the day's market proceedings was exemplified by the Bellwether, Bethlehem steel, which failed to open until the final hour. It finished up 1-8 of a point along with US Steel.

In the losing divisions were Santa Fe. N. Y. Central, Southern Pacific, Standard Oil (NJ), Kennecott, American Smelting, Westinghouse, American Can, Eastman Kodak, Du Pont, Johns-Manville, Dow Chemical and Goodrich.

Clinging to modest advances were American Telephone, Southern Railway, General Electric, Philip Morris, U. S. Gypsum, Boeing, Douglas Aircraft, Chrysler, Montgomery ward and International Harvester.

#### Wheat Rallies From Retreat

CHICAGO, Aug. 6-(AP)-A recovery of about two cents a bushel Following are wholesalers un after prices had slipped 1/2 cent to Butter-Prin near seasonal lows Tuesday gave ment wrappe the wheat market its best rally of

Selling orders evaporated as the in Portland, market approached lows established Monday and, when traders who had sold short on war news sought to cover accounts with purchases. to cover accounts with purchases, prices rose rapidly at times considering that most transactions

by professional dealers but some mill and flour trade support was noted. Washington reports that the national acreage may be reduced next season and the fact that loan rates considerably above open market prices are holding new wheat marketings to comparatively small proportions were bullish factors.

ers 4c higher for cases; cartons 5c higher poultry, buying prices: No. 1 grade Leghorn broilers 1½ lbs. 23c; colored fryers under 2½ lbs. 23c; 2½ to 4 lbs. 28c; colored hens, 22c; colored roasters over 4 lbs. 28c; Leghorn hens, under 2½ lbs. 18c over 3½ lbs. 20c; No. 2 grade hens 5c less; No. 3 grade 10c less; roosters 10c lb.

#### **Grass Controls** Canada Thistle

OREGON CITY-Use of fescue grasses in the control of Canada thistles is becoming a general practice in Clackamas county, reports J. J. Inskeep, county agent. who says that many farmers are controlling the thistles in about three years in this manner. Chemical weed killers are now used mostly for controlling small patches of thistles, blackberries, and other noxious weeds.

Oregon 4H Take Part Oregon 4-H club members will compete this year in all 14 of the national contests arranged under the auspices of the national committee on boys' and girls' club

#### Wool in Boston

BOSTON, Aug. 6—(AP)—(USDA)—
Trading in the Boston wool market
was spotty. Sales of graded territory
fine staple wools were reported at
a clean price range of \$1.18 to \$1.20.
Some sales were made of small olts
at about ceiling prices. A little trading was done in territory % wool at
\$1.00 clean basis. Fleece and Texas
wools were quiet.

#### Rotenone-Oil Is **Best Aphis Dust**

KLAMATH FALLS-Rotenone and oil proved by far the most efficient in controling aphis on Austrian peas in field tests made here this year under the direction of C. A. Henderson, county agent, and Kenneth Gray, experiment station entomologist. The combination of rotenone dust and soy bean oil, a preparation developed by the experiment station, brought a 90 per cent kill. Nicotine dust gave a 60 per cent kill and rotenone dust without oil only 25 per

#### By Quinn Hall Legume Seed War Material

#### Nitrate Fertilizers Replaced With Oregon **Grown Cover Crops**

Oregon's winter legume seed ranks as a strategic war material ranks as a strategic war material Oni
—in fact, the estimated 200,000,-000-pound crop of vetch, Austrian winter pea and crimson clover Pot seed being produced in the state Tur this year is the equivalent of 12,-000,000 hundred-pound bombs.

This information as to the importance of Oregon's seed industry in the war effort was given by Washington, DC, officials of the department of agriculture here attending the recent conference of western states USDA war bond chairmen.

Farmers in the southern and east central states have been using available to farmers in all areas Leghorn large amounts of nitrate fertilizer where it's needed, the AAA is to produce food and fiber crops buying all winter legume and vital to the war effort. Now all common ryegrass seed that is ofavailable nitrates are needed in fered by Oregon growers this year. the manufacture of munitions. One Purchases are made direct from bag of nitrate of soda will supply the grower through established nitrates enough for two 100-pound warehouses and dealers, who are

ern states' farmers are growing and 40 cents for all other seed.
