Salvage Plans Worked Out

Valley Towns Arrange For Regular Pickup For Districts

SILVERTON — Air raid wardens are distributing notices at the homes to the effect that the transportation of the local civilian defense salvage committee will call for salvage on designated days. People will be asked to have the salvage near the street on such days so that no time will be lost in its collection.

All newspapers, the salvage headquarters report, must be folded and newspapers and magazines tied securely in bundles about 15 inches high. This salvage consists of rubber, newspapers, magazines, clean rags, copper, cotton bags and all kinds of burlap, steel, iron, brass, zinc. Mrs. Zanta Hutton heads the salvage committee and on the transportation committee are Lester Standard, F. M. Powell and Dale Lamar.

SCIO — Plans are being made to have scrap metals collected on farms located on main roads, so that they may be loaded on junk dealers' trucks for reclamation in the war effort, according to N. I. Morrison, chairman of the local salvage committee.

Farmers are asked to cooperate with neighbors in assembling scrap in four or five ton piles to facilitate handling.

An estimated 100 tons of scrap is available for reclamation in the Scio area, Morrison estimates. Other members of the local salvage committee are Ralph McDonald, J. N. Bilyeu, George Miller, H. A. Dolezal, Ed Palon, Malcolm Miller and Wilbur Funk.

Original plan of shipping scrap direct to factories has been abandoned here, in view of the government plan that it be collected and sorted by established junk dealers.

Mickey Mouse Club Notes

Ah, good morning, mice. It looks as though we may have a fine day today. Anyway, rain or shine, we'll still have a swell stage show and screen attraction for you this week. The Mickey Mouse matinee will be held back at the Elsinore theatre today.

We're really going to have a super screen attraction today, thanks to Mr. Porter, who got a special feature for our matinee. It is "Saga of Death Valley" with Roy Rogers. This will be an added attraction in addition to the main feature, "Reap the Wild Wind."

Last Saturday, mice, our super stage show included ten dancing and singing numbers put on by Mrs. Murial Castor's pupils.

Some of you mice have been complaining because we haven't been having any contests lately. If you know of a good contest suitable for the stage tell us about it and we'll use it. Also if you have a favorite song you would like used as a community sing, tell us about it and we'll try to use it on the next Saturday.

So until 1 o'clock.
JEAN & RAMONA.
