57th Wedding Anniversary Observed by Eldridge Couple

ELDRIDGE—The 57th wedding anniversary of Mr. and Mrs. A. W. Nusom, sr., was observed August 9. They have lived 38 years here. Mrs. Nusom was able to spend part of the day with Mr. Nusom who has been ill several months in a Salem hospital. They were married in Ness City, Kas., in 1885 and came to Oregon in 1893. Their home on the Wheatland Ferry road was part of a donation claim purchased from W. C. Hubbard. Strangely enough the house on the latter place burned to the ground Sunday. Mr. and Mrs. Nusom's family includes two daughters and three sons: Mrs. E. J. Becker, Eldridge; Mrs. L. D. Brooks, Hayward, Calif.; Allyn Nusom, Eldridge; F. R. Nusom and R. W. Nusom, Quincy, Ore.

The following is a poem composed by Mrs. Nusom:
Fifty seven years ago, today,
Dear
We took our vows together
And started down the road of life
In fair and stormy weather.
The road sometimes was very steep
But we always pulled together.
Then sometimes it was broad and smooth
But now the road is near its end,
And we have peaceful weather
And by the grace of Christ our Lord
We will soon be home together.

Drummer Sued

In an affidavit asking \$750 a month temporary alimony and \$5,000 lawyer's fees, Mrs. Robert Goelet, Jr., wife of the rich socialite drummer boy with Gene Krupa's orchestra, charged that Goelet "thinks music is the most important thing in his life, more vital than his marriage." Mrs. Goelet's action, taken in New York, climaxes a series of troubles in and out of court for the drummer, son of Robert W. Goelet, millionaire banker. Goelet is shown, above, rushing at a cameraman during a recent court appearance in connection with a charge against his secretary.

Salvage Drive Is Successful

SILVERTON—Silverton's salvage drive got underway August 7, and will continue until September 11 and is proving quite successful. The collection group composed of Lester Standard, Dale Lamar and F. M. Powell are calling for the block wardens as to when the material will be called for. The great challenge is to do as good a job on iron and steel scrap, nonferrous metals and rags as was done on paper.

Silverton is not included in the tin can area, so tin cans are not to be included in the salvage locally. The question often arises, "Does the government want gifts of scrap materials?" The government answers this question by stating that it "much prefers that gifts of scrap be made to local defense councils." The six items mentioned in the nation-wide scrap collection as being most important are scrap iron and steel, rubber, nonferrous metals, collapsible tin tubes, waste cooking fats, old Manila rope and burlap.

She will visit in Tacoma and Idaho before she goes to Eau Claire, Wis., where she makes her home. Mr. and Mrs. E. E. Slayton and children have rented the residence on the former Albin Davis farm and moved to their new home Tuesday. Slayton is employed at Camp Adair.
