

Stock Market Rises Again

Trading Heavy Over Wide Field; AP Average Up .2

NEW YORK, Sept. 25—(AP)—The stock market had to climb over a lot of profit taking Friday and, despite mild irregularity, managed to make it the fourth successive rising session on balance.

The Associated Press average of 60 stocks was up .2 of a point at 37.9. It was another of the broadest markets in several months, 800 individual issues being traded. Of these 341 were up and 459 down or unchanged. Transfers of 680,426 shares compared with 851,110 the day before, which were the largest since December 31 last.

Rails lost a little of their recent buoyancy on reports the non-operating unions comprising some 900,000 employees would demand a pay boost of 20 cents an hour to gether with a closed shop.

Stocks in the "new high" division included Southern Railway preferred, Canadian Pacific, Goodyear and Schenley preferred. Santa Fe, Southern Pacific and Atlantic Coastline were in this class at one time but slipped behind minus signs at the last.

Holding improvement were Bethlehem, General Motors, Sears Roebuck, NY Central, Pennsylvania, Kennecott, Texas Co., Standard Oil (NJ), Westinghouse, Sperry, General Electric, J. I. Case and Union Carbide.

Kilborn Becomes Assistant Head, SP at Portland

Promotion of George H. Kilborn, assistant superintendent of the Portland division of Southern Pacific company since July, 1939, to superintendent of the Shasta division with headquarters in Dunsmuir, Calif., was announced Friday by C. F. Donnan, general manager. Kilborn is succeeded by Clarence H. Grant, who was promoted from trainmaster at Portland.

Kilborn started with Southern Pacific at Dunsmuir as machinist apprentice in 1900. Since then he has served as fireman, engineer, road foreman of engines and trainmaster on the Shasta, Salt Lake and Portland divisions. He was made assistant superintendent of the Portland division in July, 1939.

Grant began his career with Southern Pacific in May, 1931, as a dispatcher in Portland. Later he was made assistant system examiner, then assistant trainmaster in Portland and trainmaster at Eugene. He has served as trainmaster at Portland since June, 1939.

Macleay School House Is Improved

MACLEAY—The school board has repaired the school house and made other repairs preparatory to the opening of school Monday, September 28.

Dream Prices Paid for Hops

Hop Control Board Estimates Crop at About 60,000 Bales

PORTLAND, Sept. 25—(AP)—Oregon hop growers are receiving the dream price of \$1 a pound, the department of agriculture said Friday.

The \$1 price was reached during the week ending Sept. 23 for seeded types, the department said, while prices for seedless hops were nominal, no transactions being reported.

Harvesting, 95 per cent complete, indicated that the Oregon crop might run about 60,000 bales below expectation.

The state hop control board which has started gathering data to obtain a definite figure on this year's hop crop, estimated the yield between 58,000 and 62,000 bales.

The cost of labor, including pickers, was estimated at \$2,500,000.

The harvest virtually is complete with the exception of a few isolated hop yards. Hop pickers at first were paid 2 1/2 cents a pound but this later was increased to 3 cents and then to 4 cents

Grain Futures Prices Steady

CHICAGO, Sept. 25—(AP)—Grain futures prices steadied Friday, except for fractional dips early in the session, as the market drifted through a period of hesitancy pending development of a definite farm price control program.

Profit taking and some selling blamed on Washington reports that a compromise may be worked out that would not require revision of parity prices to include farm labor costs but would leave the president with leeway in establishing ceilings for farm prices lowered quotations in all grain pits, except oats, about 1/2 cent early in the day. Later, there was buying of wheat credited to mills while reports of weather damage to crops attracted attention.

As a result, wheat closed unchanged to 1/4 higher compared with Thursday's finish, December \$1.28 1/4, May \$1.31 1/4.

In the spot market a car of No. 3 soft red wheat sold at \$1.39 1/4, the highest price paid here since 1937. Better grades of soft red wheat were quoted over \$1.40 but no sales were reported. White corn, quoted 1-1 1/2 cents higher, also brought a new five-year top when a car of No. 2 sold at \$1.10. Both types of grain are priced at premiums because of relative scarcity, traders said.
