### Finish Silo Filling In Bethany District

BETHANY—Silo filling in this area has been completed and the farmers are having a slight rest spell before the heavy autumn program will begin. Little ploughing is being done because of the dryness. Corn husking is not yet underway, but reports are that the corn crop is exceptionally fine this year.

### Farmer's Pay Is Discussed

**Bethel Union Hears Reports of County Meeting at Mt. Angel**

BETHEL — The farmer is to be paid for his labor for the first time in this country, it is believed by Ralph A. Wilson, chairman of the agricultural committee speaking at the monthly meeting of Bethel local of the Farmers' Union on Monday night. Wilson presented the report on agriculture and discussed the anti-inflation bill.

Miss Frances Clinton, Marion County home demonstration agent, was guest speaker for the meeting and gave salvage information, discussed fire prevention, gave suggestions on autumn gardening, and care and repair of clothing.

W. R. Baker and Mrs. J. R. Carruthers reported the county Farmers' Union meeting. A. C. Spranger discussed the dairy labor shortage, milk inspection and milk shortage.

Mrs. Cass A. Nichols played for group singing and Rev. S. Hamrick was songleader. He and W. R. Baker, members of the legislative committee, gave information on matters appearing on the general election ballot. Mrs. J. A. Hain, Mrs. George Hain and Mrs. Gus Schlicker were in charge of the social hour. The attention of all was attracted to the fine trophy case which has been installed in the school building. This is to display the trophies won by the Bethel Junior Farmers' union members.

**Program Planned** — BETHANY—An educational motion picture will be shown at the Farmers' Union meeting to be held at Central Howell Monday night, according to Henry Torvend, president. Mr. Torvend reports that there will be change in the usual procedure as the film will be shown before instead of after the business meeting.

### Farmer, Daughter Keep Farms Going; Others in Service

HOPEWELL — Tom Kirkwood, 78, despite his age, is hale and hearty and setting a pace for activity. He cares for his fruit farm including a 25-acre prune orchard and has just completed harvesting this year's crop with an exceptionally good yield.

In addition to caring for his own fruit he assisted his daughter, Mrs. Leonard Hickerson harvest her peach crop. Mrs. Hickerson and her nine-year-old son, Wayne, are doing their best to follow in the footsteps of her father, Mr. Kirkwood, by running the farm in the absence of her husband, Leonard Hickerson, who is in training in an eastern camp and her son, Lawrence, was on Wake island.

### Suiver Houses Are Deserted

Former Homes, War Victims, Owners Go To New Residences

SUVER — The Roy Miller lunch room has been closed indefinitely and they plan to make the entire building into a residence. They have been living in the back part. The family leasing the lunch room for the summer, has gone back to Corvallis. The Millers will continue to run the berry patch but since the new highway leaves them off the main road, they felt the lunch room wouldn't pay. The Marman service station

and grocery store have also closed due to the property being included in the cantonment. Mr. and Mrs. Bill Mathews, who operated it the past month, have moved back to Lebanon.

Mr. and Mrs. John Crippen and family moved Sunday to their new home near Forest Grove. On Monday they took three truck loads of cows down. Steve Benedict and Carl Linegar helped with the cows.

Alfred Flickinger and Wes Kester dug a 30 foot well at the Flickinger place Saturday. The gasoline drum which had leaked into the ground recently, finally got into the well which supplies the house and it is unfit for use.

C. M. Benedict has sold gravel to Benton county and workers are making ditches and a road in preparation for getting it out. The stretch of Albany-Independence road between Buena Vista and

Winna hop yard is to be resurfaced.

D. J. Bolter bought back a number of sheds from his place and is taking them down to move to his place at Dayton. Bidders who got the Ed Fleischman house and barn, two good sheds at Greens and the Aleman house are busy tearing them down.

In the Valley View district where all have moved, many articles have been stolen. Shades were taken from the Stockhoff house, light fixtures from the Conger place and when the Ed DeArmonds went back after their chickens the next day after they moved, they were all gone. Several articles were taken from the Carl DeArmond house too. Two bins have been taken from the O. A. Heffley house.

Almost a steady stream of trucks and trailers have been going down the Fairview road load-

ed with hay, wood, dismantled buildings, cattle, machinery and household goods. However moving is nearing an end, as there are only four families left, the Benedicts, Heffleys, Binegars and Ferd Futschmans.

Mrs. Don Eckman and son Martin are spending this week with her sister, Mrs. S. Benedict and helping the moving rush.

Mr. and Mrs. Earl Conkey and daughter Earlene visited from Friday until Sunday with his sister and family at Stevenson, Wash. Mrs. Wesley Kester has gone to Vallejo, Cal., to visit her daughters, Mrs. Douglas Dodele and Mrs. Gene Lossett.

**Oakdale** — OAKDALE — Oakdale reports an enrollment of 17 pupils. Miss Collins of Woodburn is the teacher.

employed at Boeing aircraft in Seattle.
