

Gains Shown Third Week

Rails and Industrials Bought Near Close To Hit Peaks

NEW YORK, Oct. 10.—(AP)—The stock market Saturday ended three recovery weeks in a row with last-minute buying in rails and blue chip industrials lifting favorites fractions to more than 1 point, many to peak levels for the year or longer.

The better brand of war news continued as a supporting influence as it did all week, and rails particularly were buoyed up by action of the senate in approving the finance committee's amendment permitting corporations to buy their own bonds without tax penalties.

The Associated Press composite of 60 stocks was up .4 of a point at 40, a new peak for this barometer since November 6, 1941. Its advance over the past three weeks amounted to 3 full points. Transfers totaled 455,800 shares against 445,920 last Saturday. For the week the volume was more than 4,700,000 shares, including million-share days Thursday and Friday. This was the largest since the first week of 1942.

Low-priced utilities, mostly unchanged, helped swell the day's dealings, but rails were about as lively. NY Central, up 1/2 at 12, a new year's high, actually was the fastest sprinter of the session.

In the new high orbit were Southern Pacific, and General Electric.

Advances of a point or so were retained by Great Northern, US Steel, Bethlehem, American Telephone, American Smelting, Anaconda, Standard Oil of N.J., International Harvester, J. I. Case and Westinghouse.

On the offside were J. C. Penney, United Aircraft, International Nickel and American Can.

Clemens Are in Hazel Green

HAZEL GREEN—Mrs. Ben Clemens has gone to Wasco, California, to visit her son, Lt. Arthur Clemens and family, formerly of this district. Lt. Clemens is recovering from an operation. Clifton Clemens who came up from Wasco several months ago to assist his father, Ben Clemens, returned and moved his wife and children David, Douglas and Marilyn up here. They are living in the Ben Clemens house across from the Hazel Green park. Mrs. Clemens mother, Mrs. Bosshard also of Wasco is visiting here.

Norene Winkler who has been visiting with her sister and brother-in-law, Mr. and Mrs. Glen Looney for several weeks has returned to her home at Taber, Alberta, Canada.

Labor Lacking For Onion Crop

SPRING VALLEY—A shortage of labor is inconveniencing Frank Windsor who planned to plant onions before the fall rains begin.

J. J. Stratton and son Vivian are harvesting a bumper apple crop with assistance of neighbors who intend to assist Mr. Windsor as soon as the apples are picked.

Ed Lendstrom is slowly recovering from injuries to his neck sustained when he fell from a tree several weeks ago.

Grangers News

RICKREALL—The Rickreall grange No. 671 held its first meeting of the fall, Friday night, and plans were outlined for the winter. The card party was announced for October 17, with Mr. and Mrs. D. W. Shelton, Mrs. J. H. Harland and Mrs. F. E. Pence, hostesses.

A 7 o'clock dinner was held before grange session. BRUSH COLLEGE—Mrs. Wayne D. Henry, lecturer was in charge of program arrangements for the first indoor meeting of the fall of Brush college grange, Friday which included patriotic and Halloween numbers of special interest and timeliness. Initiation is to be featured at the November meeting. A. E. Utley, grange master presided at the meeting which followed a bountiful supper in charge of Mrs. John Schindler and Mrs. Audrey Ewing.

Wheat Loans Total Given: WASHINGTON, Oct. 10.—(AP)—The agriculture department reported Friday that it had advanced \$225,313,718 in loans to farmers on 196,467,156 bushels of 1942-grown wheat through October 3.

Change Rules For Licenses: WASHINGTON, Oct. 10.—Removal of export license requirements for commercial shipments for the United States to consignees in Canada and that part of Labrador under Canadian control was announced today by the office of exports, board of economic warfare. As a result, exporters no longer will be required to obtain general, individual or any other kind of license to ship articles, materials, supplies and technical data to those destinations.

Timely Garden Talk

damp at all times or they, too, will soon become shabby. Have you remembered to spray your peach trees—the flowering peach and the occasional fruit tree in your garden—with bordeaux? In good spraying now before all the leaves fall will do much to give the trees a better start for next spring. Spring spraying must also be resorted to, however, if curly leaf is to be entirely controlled. The disease, you will remember, was very bad last spring because of the excessive damp weather.

Inspection Fees Raised

New Rates Effective October 16, Mickle Has Announced

The state department of agriculture Saturday announced that a raise approximating a dollar a carload in shipping point inspection fees will be effective October 16. Raises are necessary to cover increased costs of operating the shipping point service, Director J. D. Mickle said.

Under the new schedule fees will be: Apples and pears, usual car, \$6. If load or lot exceeds 5 per cent of average but does not exceed 1 1/2 minimum car, \$8.

Prunes, fresh berries, cauliflower, celery, fresh cherries, tomatoes, peas, mixed fruit, cabbage, beans, peaches, bulbs, carrots, garlic and parsnips, \$6. Minimum charge of \$4 for half car or less. Same average as for apples and pears.

Salem Market Quotations

Grains Slump To New Lows

CHICAGO, Oct. 10.—(AP)—Grain prices slumped one to two cents a bushel Saturday to lows for the past month or longer in a general liquidating movement which brokers blamed on uncertainty as to price ceilings and the official crop report showing the unprecedented size of cereal production this season.

Corn led the decline, although oats and rye showed as much weakness. Corn quotations were at new lows since last December, wheat and rye were the lowest for the past month and oats hit bottom figures of the season.

Hop Estimate Falls Short

WASHINGTON, Oct. 10.—(AP)—The department of agriculture has reported the October 1 outlook for hops production in the Pacific coast states was nine per cent below estimates for September 1.

Production in the three states for 1942 was estimated as of October 1 at 35,042,000 pounds, compared with 1941 production of 40,380,000 pounds and a 10-year (1930-39) average of 3,784,000 tons.

Sugar Beets At New High

WASHINGTON, Oct. 10.—(AP)—New records in 1942 production of sugar beets and sugar cane were predicted by the department of agriculture in its October crop report.

a yield of 12,969,000 tons, a new production high, although 35,000 tons smaller than was indicated September 1. In 1941, the figure was 10,311,000, compared with a 10-year (1930-39) average of 9,284,000 tons.
