

Market Slack Most of Day

Average Gains .1 To Highest Point For 11 Months

NEW YORK, Oct. 13—(AP)—Scattered stocks maintained their recovery stride in Tuesday's market but many leaders were unable to make much progress.

Prices in most cases were highest in the first hour. Thereafter some profits were cashed here and there on the theory the list was due for a technical setback in the wake of its lengthy climb.

Closing trends were a trifle mixed in most departments. There were a few wide gainers while losses were comparatively negligible.

The double holiday apparently had made no great dent in bullish sentiment, as war prospects, on balance, still were bright, and hopes persisted that the forthcoming tax measure would retain its moderately lenient provisions for corporations.

Due partly to advances of 3 1/2 points in Du Pont on restricted transactions, and a gain of a point for American Telephone—the latter was up 2 in the morning—the Associated Press 60-stock average emerged with net improvement of .1 of a point at 40.1, a new peak since Nov. 6, 1941.

Of 849 individual issues, 378 were up, 245 down and 225 unchanged. Transfers amounted to 857,200 shares against 1,054,470 in the previous full session.

Expected tax benefits aided some of the utilities, with North American a lively performer with a plus mark of 1/2.

Others up in this group were Consolidated Edison, Public Service of NJ and American Water Works.

Dayton Dryer Has Started on Nuts

Dayton—Mr. and Mrs. H. G. Coburn have started their dryer to care for the nuts. They did not dry prunes this year because of the shortage of help at that time.

The largest part of the prune crop in this area was sold to canneries, D. A. Synder dried the portion of the prunes that were not dried.
