AP Average Declines .2 Point in Selling As Stocks Drop

NEW YORK, Oct. 14-(AP)—Most stock market leaders suffered a minor setback Wednesday after the last week's fast forward run but a group of specialties took the ball near the close and pushed into substantially higher territory.

A few of the pivots slipped off a point or so after a steady start and American Telephone dropped 2. While these moves inspired some general selling the market throughout has resistant spots, notably the steels, aircrafts and oils. Transactions were well under the previous day's.

The Associated Press 60-stock composite had a closing decline of 2.2 points at 39.9. Tuesday's final average was the highest since November 6, 1941. Dealing totaled 660,010 shares against 857,200 Tuesday.

Rails were a bit soft before and after it was disclosed New York Central directors' meeting proceeded no dividend, thus disappointing many in the financial sector who had counted on a break in Central's 12-year dividend drought. The stock closed down 3/4 on an active turnover. Telephone's final loss was 1 1/2 and J. C. Penney was down about a point. Narrower declines were registered by General Motors, Chrysler, Westinghouse, and Northern Pacific.

US Steel closed unchanged and Bethlehem off 1/4. United Aircraft edged up 1/2. Standard Oil (NJ) was a shade higher.

Turkey Growers Try Shipyard Pay To Attract Help

SCIO—R. R. Borovicka, farmer, dairyman and turkey grower a few miles southeast of Scio, reported on his return from the annual meeting of the Oregon Turkey Improvement association Friday that growers from all parts of Oregon report dearth of labor with which to carry on the industry at this, one of the critical seasons of the year insofar as turkey production is concerned.

Borovicka is a member of the board of directors of the association, and one of the leading turkey growers of western Oregon. He has exhibited prize-winning birds on many occasions in this state. He reported growers are employing many devices to meet labor exigencies.

Some have advanced wages, others improved living conditions, and still others have paid bonuses for remaining during the season. "Some of us have to pay shipyard wages, and if this is not sufficient we may have to close up and go to the shipyards ourselves," growers said.

Salem Heights Gives Up PTA

Hot Luncheon Project Taken Over by Board For Coming Year

SALEM HEIGHTS — A PTA meeting was held at the school house Monday. There was a good turnout but owing to the shortage of tires and with a gas rationing coming up it was voted to disband for the duration.

The hot lunch books are to be audited by the following committee, Mrs. Ray Crittenden, Hubert Dunn and Mrs. Roy Anderson, after which they are to be turned over to the school board along with what moneys are on hand. The school board will promote the hot lunches this year. It is expected that the cooks will start serving lunches soon.

The floors of the community hall have all been varnished and waxed which makes a big improvement members said.

Grain Rally Essay Fails

CHICAGO, Oct. 14-(AP)—Another attempt to extend the grain market's rally and reduce some of last week's loss fizzled out in the wheat and rye pits Wednesday but was more successful as far as feeds like corn and oats were concerned.

Wheat registered gains of as much as 3/4 cent early in the day and rye was up 1/4-1/2 cent but both markets weakened before the close. Wheat finished 1/4-3/4 cent lower than Tuesday, December 80 1/2-3/4, May 1.26 3/4-5/8 and rye 1/4-1/4 lower. December 66 1/4. These prices were within fractions of lows for more than a month.

Corn rose as much as a cent and closed 1/4-3/4 higher than Tuesday, December 80 1/2-3/4, May 85 1/2. Oats were 1/4-1/4 up and soybeans unchanged to 3/4 lower.

Continued uncertainty regarding ceilings to be imposed on grains nipped the bulge of wheat and rye. Some of the early strength of wheat was associated with Washington reports that a group of senators had signed a protest against flour ceilings. Traders also pointed out that December wheat had slipped to about 8 cents below government loan rates while the government agency is buying spring wheat in-
