

Navy Disrupts Dairy Farmer

Perrydale Herd Sold When Son Enlists In Naval Air Corps

PERRYDALE — The George Woods and sons sale of dairy cows and farm machinery was the biggest ever held in this part of the county. Everything brought a good price and there was a big crowd present.

Bob Woods has enlisted in the naval air cadets which made necessary the selling of one of the largest dairy herds in this community. Mr. and Mrs. Woods have sold their farm to Ralph Dodson of the cantonment area and will move to town, though they have not found a place to live yet. Mrs. Carl Kubitz and Lewis Woods of Portland came up and spent the weekend at the home of their parents to help in the preparation for the sale. The Good Will club and sisterhood of Perrydale served luncheon.

Mrs. Nolan McKee and her sister, Mrs. Lillie Suhls of Sheridan, spent Wednesday in Portland shopping.

Mrs. Lona Meeker and children and Mrs. Helen Larson of Amity spent Saturday afternoon at the Bob Mitchell home, they came for flowers to use in the church.

Mr. and Mrs. Ralph Kester were in Corvallis on Thursday on business.

Mrs. Lydia Conner returned home Thursday after five weeks at the home of her son in San Juan Capistrano. She also visited her grandson, Willard Mitchell and his wife at San Diego.

The knitting club met last Tuesday night at the home of Mrs. John Molenaar with fourteen present.

With the opening of hunting and fishing season last Saturday, many of this community were off or getting ready to go Sunday.

Mr. and Mrs. Ralph Kester and other relatives from Portland left shortly after midnight Saturday night. Mr. and Mrs. Jim Houk, Ernest Letticken, Fred Aure and Pete Brown left Sunday afternoon, Mr. and Mrs. Brown left early Saturday morning for North Bend, Ore., to spend the weekend with her parents there but on hearing of the opening of the hunting season returned by 11 o'clock that same night.

Mexico, Ally to South of Us, Subject of Talk at Mt. Angel

MT. ANGEL — "Mexico has been rightly called 'the rich land of the poor'" Father Alcuin told the assembled Business Men's club at the Mt. Angel hotel Tuesday noon in a necessarily brief but enlightening talk about our ally to the south of us.

"The country," he said, "is about one-third the area of the United States and has every variety of scenery and climate from the moist jungle lands of the coast to the desert of the north central part and is crisscrossed by mountain ranges that abound in minerals and oil.

"And the people are poor in this land of plenty because about 70 per cent of its population of 20 million depend on agriculture and agriculture has failed—principally because of the collective farms, the socialistic principle applied to the land which was introduced by President Cardenas. The Mexican works the land but cannot own it and is always at the mercy of the political bosses. Often he is hungry right on his own farm.

The present president, Avila Camacho, is modifying the system and is very popular with his people because he is recognizing the right of personal property and the right of parents to have some say about the education of their children.

"In education" Father Alcuin continued, "there is still a great confusion of ideas. This is a result of the frequent changing of the secretary of education since with each change came a complete change of the educational program. Most of the teachers, however, show a fine spirit and with the aid of the new secretary of education, appointed by Camacho, who is a man who holds to the middle of the road, hope to bring order out of the chaos.

Priests are quite free to administer the sacrament and the churches that are left are open—yet this religious toleration is granted the Mexican people only because of the tolerance of the president now in power. It is not guaranteed them by the laws of the land. It could be snatched away at any moment.

"Whether it stays depends on us, the United States. If we, with our fine lip-service to religion and the freedoms, stand by the Mexican people instead of their political bosses, it can be achieved."

As Father Alcuin's ringing words ended, the club members rose and stood in appreciation of his fine plea for true neighborliness towards the Mexican people.

Two other guests that shared house and speaking time with Father Alcuin were Robert McNertney, nephew of A. G. Traeger of Mt. Angel, and his friend, Mer-

ril Van Cleave, machinist and torpedo man respectively of a US submarine. The men are visiting here while on furlough. Both men addressed the club and answered questions of members. It was learned that their sub had sunk three enemy ships in the Pacific and damaged others, had fired 42 torpedoes—each of which costs \$17,500 and had been shot at 33 times.

The visitors described their life aboard the sub—sleeping during the day while the ship was submerged and coming to life at night to stalk the ocean for prey.

At the suggestion of Father Alcuin, their names were added to the list of local service men who are remembered by the club at Christmas and other special occasions.

Tribute was also paid to Father Hildebrand, assistant pastor at Mt. Angel, for his work in helping solve the local labor problem.
