## Rooney Stars In Story of **Eton School**

This time it's Mickey Rooney in "college," but it's Eton in England he goes to, instead of Notre Dame in the USA-and is he disappointed.

However, Mickey soon learns the beatings of lower boys by upper class boys in the English public schools are not glossed nor explained. He cannot change the bullying upper boys, nor his halfbrother, Freddie Bartholomew. nor the cringing lower boys, nor his immensely tolerant headmaster, Edmund Gwenn. He can only perceive it is all in the training of "men," the inculcation of the discipline which they will inflict upon others in ruling the British

The picture is a successful exposition of Eton life, with Mickey and his pals in several uprogrious scenes. That in which the 'teen age Eton boys best the tavern keeper and his men is especially funny.

"A Yank at Eton" is now showing at the Elsinore theatre, plus "Escape from Crime" starring Richard Travis and Julie Bishop

# Lyons Lodge Has Meeting

LYONS - Faith Rebekah lodge met Wednesday at the hall. A Halloween party was held at the social hour with Ruth Day, Betty Johnston and Eva Bressler in charge. Games and stunts furnished the entertainment. Refreshments were served.

Planes, planes and still more planes is the war cry of America, Bombers, fighters, training planes keep rolling off the assembly lines in an unending stream. The heart-pounding drama in the lives of the men and women who keep 'em rolling is now told in Warner Bros.' "Wings for the Eagle," now at the Capitol theatre.

In the leading roles are Ann Sheridan, whose recent brilliant performances in "Kings Row" and "Juke Girl" won nation-wide praise, and Dennis Morgan, who in a short time has made a place for himself among the top performers in Hollywood.

Most of the story is set in the vast Lockheed aircraft plant where people have come from all over the United States to help do their share.

Companion feature is a sparkling comedy called "Larceny, Inc.," starring Edward G. Robinson. It is the story of a fellow who discovers that larceny doesn't pay as well as honesty. Other film favorites in the cast are Jane Wyman, Broderick Crawford and Jack Carson, who now plays a role entirely different from any of his former screen portrayals.

Passing through the smoke room again on the way to the terrace, we saw the name "Mc-Alister" on the notice board that announced current speakers: Rainier smiled and said that was fine-McAlister always gave one a chance to stroll for half an hour with the certainty of not missing anything. "By the way, I'm dining at the Historians' club, so I don't think I'll need you for the rest of the evening." "Are you down to speak?"

"I'm not on the program, but daresay I'll be asked." "You don't have to go if you'd rather not. I can make up some excuse."

"What's the idea—encouraging me to shirk?" "I thought - perhaps you might be feeling rather exhaust-

"Not a bit of it now. I'm game for more than a speech at a club dinner. You'd be surprised if you knew what's in my mind." We stepped into the cool eve-

wonder if-if you quite realize -what it all amounts to?" "Oh yes, I do. It means that so far as there was ever anything abnormal in your life, you

are now completely cured." We came near the bridge, a blaze of illumination from lines of trams, and in that light I saw such anguish in his eyes that I could only repeat, with an emphasis that somehow drained away as the words were spoken: "Utterly and completely cured."

"You don't really think that's all it amounts to? You must know there's only one thing that matters—only one thing left for me to do." "And that is?"

"I must find her."

So there it was squarely before us, the issue that had of course been in my mind, that I had done a pathetic best to make him shirk by conscientiously shirking it myself. We walked a little way in silence. "After all these years," I said
