

Stocks Work Both Sides

Average Unchanged as News Brings Both Selling, Buying

NEW YORK, Nov. 9 (AP)—Stocks worked at cross purposes in Monday's market as the generally good war news inspired heavy buying of peacetime favorites and the unloading of many leaders with cloudier post-war prospects.

The Associated Press average of 60 stocks was unchanged at 40.8 which, incidentally, was the best mark since November 5, 1941, recorded Saturday. Transfers of 1,207,643 shares compared with 856,830 last Friday and were the largest since December 31.

In the new high division — some eventually cut or cancelled initial advances — were General Motors, Chrysler, Yellow Truck, Montgomery Ward, Sears Roebuck, Woolworth, J. I. Case, International Harvester, International Telephone, Dome Mines, Dow Chemical, Johns-Manville, Standard Oil (NJ), Radio Corp. and American Cable and Radio. Allied Chemical was a wide mover with a gain of 4 1/2 points.

Prominent on the downside were Santa Fe, NY Central, Pennsylvania, Southern Pacific, Great Northern, US Steel, Bethlehem, Douglas Aircraft, United Aircraft, Glenn Martin, Youngstown Sheet, Kennecott, Anaconda, Western Union, Goodrich and US Gypsum.

Cash Wheat Price Averages Higher

Cash wheat prices at Portland slightly better than one cent per bushel higher during the week ending November 6, as compared with the previous week, according to the department of agriculture. The higher prices were not as a result of an active demand for wheat in this market but partially reflected the advance in the option market at Chicago, which amounted to about two cents per bushel for the period.

The only interest manifest on the part of buyers was for small quantities of special grades of wheat to apply on previous sales to milling companies. Milling operations were very much curtailed, on account of the decline in flour sales. Reports indicate that bakers and flour dealers are not increasing their flour stocks, preferring to await the announcement of the permanent flour ceilings expected about December 3. Export sales of flour to the Americas under the wheat flour export program were only moderate, during the week. The Commodity Credit corporation reports that sales of food wheat, through the Pacific coast regional office, continued rather heavy for the period. Wheat receipts at Portland were 97 cars, as compared with 92 cars the previous week.

Grain Trade Unsettled

CHICAGO, Nov. 9 (AP)—Extreme gains of almost 2 cents in rye prices, 1 1/2 in corn, and 3/4 in oats and losses ranging from 1/2 to 3/4 cent in wheat were reduced before the grain market's close Monday ended an unsettled trade typified by the divergent trends of values.

During the last hour or so persistent weakness of wheat, which was lower practically all season, affected other grains, selling causing a late reaction in prices. However, corn and oats quotations reached new highs for the past month, with December contracts at 84 1/2 and 51 1/2 respectively.

Wheat closed 1/4-1/2 cent lower than Saturday, December \$1.25 1/2-1.26, May \$1.28 1/2-1/2. The trend in wheat was blamed largely on sluggish flour business and trade belief that prices could advance only 3 or 4 cents before reaching levels at which the government's program to release loan stocks to millers might be put into operation.

Soldiers Buy Bonds

WASHINGTON, Nov. 8 (AP)—The war department estimated Saturday that nearly 2,000,000 soldiers from privates to generals now were buying approximately \$13,000,000 in war bonds every payday.

Salem Market Quotations

Table listing market quotations for various commodities like eggs, butter, and poultry in Salem.

Salem Has New Nickels

Victory nickels, 1942 model, made without use of critical metals, will be in general circulation in Salem soon. First shipment of the new coins, lacking entirely in the metal that gave the US five-cent piece its nickname of nickel, was received by Ladd & Bush Salem branch of the United States National Bank Monday, L. C. Smith, vice-president, reported. They are identical in size and design with the 1941 Jefferson nickels, making them acceptable for operating pay telephones and other coin devices, Smith pointed out.

The new nickels appear brighter of finish than the old type and have somewhat more "ring" to them when dropped on a counter. They carry a bust of Thomas Jefferson on one side and a reproduction of his home, Monticello, on the other.

Editor-Marshall Assures Town 'No Arrests'

OSWEGO, O re., Nov. 8 (AP)—Editor Ed Donnelly of the Oswego Review noted there were no candidates for town marshal in last week's election.

So he suggested jokingly, he thought, that two of the town's habitual miscreants be candidates in a write-in campaign.

Came the vote counting, and Donnelly found he had been elected instead. Donnelly Saturday predicted he'd be Oswego's best marshal—"won't make a single arrest."

Meat Shortage Worries Woolmen

San Francisco—Alarmed over what is believed will create an acute meat shortage in California due to the new meat slaughter regulations recently put into effect, the California Wool Growers association has decided to make this issue the key-note of its 82nd annual conference to be held here at the Palace hotel, November 19 and 20. J. Kenneth Sexton of Willows,

president of the organization, points out that the present quotas set by the government regulating the slaughter of lamb, mutton, and pork, together with the increase of approximately 16 percent in population in the past year, will make California's quota assume the drastic proportions of nearly 50 percent reduction.

Wool in Boston

BOSTON, Nov. 9 (AP)—(USDA) Interest was shown today in both domestic and foreign medium wools in the Boston wool market. Domestic fleece wools were sold at clean basis prices of \$1.04 for three-eighths and 95 cents for quarter blood wools. A sale of Montana yearling fine wool was made at a gross price of 54 cents, or \$1.20 clean basis.

Much Molasses Due From Sorghum

WALDO HILLS.—The Klopfenstein sorghum mill will produce about 1450 gallons of sorghum molasses this season, according to Walter G. Klopfenstein, proprietor of the mill. This amount is 50 percent more than was produced last year. Visitors from all up and down the valley have been calling on the Klopfenstein mill and the available supply is reported as about "out". A number of growers of the cane are still bringing in their stalks for their own production of sorghum.

Knights of Columbus At Communion Sunday

STAYTON.—A large group of the Knights of Columbus of Stayton, Sublimity and Lyons, joined with the Knights of Columbus of Jordan in receiving corporate communion at the Jordan Catholic church on Sunday morning, November 8, at the 8:15 mass. The mass was offered by Rev. Father Bauer of Jordan. Later, a communion breakfast was served by the women of the Jordan parish. A short program presided over by Grand Knight Ed Jacoby of Sublimity council was presented. The next regular meeting will be held at Sublimity November 17. The annual memorial service of this council will be held at Sublimity November 22.

Power Shows Profits

CANBY, Nov. 9 (AP)—The city of Canby reported Monday that its municipal power system showed a profit of \$6415 for the past fiscal year's operation.
