Allied Airmen Strike Rabaul

Three Enemy Ships Set Afire; Troops Split Japs at Buna

G (Continued from Page 1) G bombs. One Zero fighter on the ground was destroyed.

The Japs also lost two out of five fighters which attempted to intercept the Rabaul raiders. All Allied planes returned.

An Allied medium unit also

bombed Buin in the Solomons. On their part, the Japs sent a forma-tion of medium bombers over Merauke in Dutch New Guinea. The enemy has been devoting con-'siderable bombing attention to this if village on the south coast. At Buna, ground troops sup-

ported by tanks and artillery drove through the Japa near the mouth of Giropa creek to reach the coast, splitting the enemy lines anew. This was part of a systematic job of splitting the Japs, then mopping them up. Artillery fire reduced at least six Jap Bunkers. Jap troops were

machinegunned while running from them. Heavy fighting continues on the Allied left but on the right all the job that remains is to dispose of small enemy pockets in the air-

F (Continued from Page 1) F division ceased operations Friday All day, lumber carriers speeded from the west end of the company's docks and properties moving approximately 1,000,000 feet of lumber out of the path of the oncoming river, stayir alway's "just a little ahead," and workmen continued through the night in an effort to beat the rising wa-

In West Salem, Edgewater street was turned into a canal down which a motorbeat could operate for approximately three blocks. By midnight water was washing across the Patterson intersection, stood six feet in the basement of the city hall and threatened a possible shortage of drinking water.

Pumps in the basement of the city hall there used to keep the reservoir filled from wells were disconnected and raised up out of the flood waters, and the city was left with only a full reservoir. However, that supply was believed sufficient if the emergency is passed this weekend.

Evacuees in that city included residents in the river area, who were added to those moved Thursday from Earl Burk's auto park there. Burk was owner also of the Mellow Moon rink. Among those moved out of their homes was Mary Janzen, 16-year-old invalid, who was taken on her bed

From dawn, state police and Red Cross disaster committee perreported trapped in barns and sonnel checked to determine who among the lowland dwellers would need aid in moving from the path of the river. By night four motorboats were working from Talbot to Buena Vista and two were operating at Oroville. No estimate of the number of persons moved was available Friday night, although boats were not operated after dark.

Ray Howard, chief of police at Independence sent out boats to evacuate persons southeast of that town Friday. Sheep were being moved out of the Oregon

was done by civilian defense workers under direction of the Red Cross. Police and soldiers also took part.

Evacuation continued throughout the night although the river falling in the Eugene area. The Red Cross said the flooded homes were without drinking water, lights or heat and that the danger of contamination was great. Food also was getting Zionist Leader Dies scarce in some communities.
