While the air force eleven made 12 first downs to 9 for the Cowboys, they were out-gained on the ground, 117 yards to 148. It was in the air that the Bombers appropriately made their greatest strides, net-ting 178 yards to but 41 for Hardin-Simmons.

Military gold braid was much in evidence and the stands were marked by great blocks of khaki and navy blue as service men turned out to watch the Bombers bring an undefeated season to a victorious end.

Among those present were Maj. Gen. Robert Olds, second air force commander; Maj. Gen. George E. Stratemeyer, and Gov. Ralph Carr of Colorado.

said. Such plants, he said, should contact John G. Barnett, manager of the production service division of WPB at 815 Bedell building,

Portland. He warned, however, that this does not mean the plants will receive orders but that an effort will be made to place sub-contracts with small concerns. "Procurement officers of the

army, navy and maritime commission expect to notify WPB when sub-contracts are available," Bergesch said. "The procurement officers are accepting the responsibility, along with WPB, for utilizing small plants in war production wherever such use will

speed up the production program." The plan, a part of the general plan of the smaller war plants division of the war production board, is designed to channel all available west coast manufacturing facilities into the 1943 war production program.

The 1943 objective is to search out plants with distressed operations schedules which can be moved swiftly into sub-contracting of war production for the coming

In general, the plants sought will be those in communities where labor surpluses are available but in each instance the final test will be whether the sub-contracting will speed up production.
