

### Service Men

Nomination of Emerson E. Jones of Salem to be aide with the rank of ensign in the coast and geodetic survey was sent to the US senate Monday by President Roosevelt.

Mr. and Mrs. Clifton Mudd, 1715 North Capital street, learned Monday that their son William has successfully finished officers' training school at Fort Benning, Ga., and has been commissioned a second lieutenant in the army. Lt. Mudd entered the armed forces last July.

Mr. and Mrs. Kenneth L. Randall received personal notification by long distance telephone call this past weekend of the fact that their son, Craig Randall, naval aviation ordnance man, had been graduated from the training school at Norman, Okla., as a petty officer, second class.

Pvt. Roland Reed, Falls City, and Pvt. Howard B. Talmadge, Amity, have arrived at the armored force replacement training center at Fort Knox, Ky., preparatory to duty with the newest land forces of the army.

For the first six weeks of the 12-weeks training period the men will learn the fundamentals of soldiering. The latter part of their instruction will include work with the machines of war.

**OKLAHOMA CITY AIR DEPOT, TINKER FIELD, Okla., Feb 1**—Among the officers on duty at Tinker Field, Okla., is Second Lt. Emory E. Reitz, formerly of Salem. He is a company commander with an engineers aviation battalion at this newest establishment of the air service command for the maintenance and repair of aircraft and the training of air depot groups.

Lt. Reitz is a graduate of Salem high school and Oregon State college, and was employed by school district No. 1 in Portland before he entered the army. After completing officer candidate school at Fort Belvoir, Va., he was commissioned in the engineers corps September 30, 1942, and reported to Tinker Field for duty in January. Lt. Reitz is the son of Mr. and Mrs. Elmer Reitz, route six, Salem.

William J(P). Breitenstein of Sublimity has been promoted to technical sergeant.

Jack Pomeroy, a Willamette university junior who joined the army this year, is temporarily stationed at Fort Lewis, Wash. Pomeroy, who was boys' work secretary of the YMCA here, hopes to gain assignment to the coast artillery. He was quite surprised at the amount of clothing issued to him when he received six pairs of trousers.

Tech Cpl. Cecil W. Head, a former employe of the state highway department, was in Salem last week visiting his parents, Mr. and Mrs. W. Head, and friends Cpl. Head is a member of the headquarters company of a regiment at Camp White, Ore.

Lorence Marquis, formerly in the Salem Health club, has completed training at Norfolk, Va., and is a specialist in the navy. He is stationed at Miami, Fla.

**WEST SALEM**—The Robert Forster and G. E. Vosburgh families received long distance telephone calls Thursday night from their sons, Philip Forster and Loren Vosburgh, at Farragut, Idaho. It was the sailors' first leave from camp since their induction three weeks ago. They reported lower temperature and much more snow in Idaho than in Oregon, but declared they were enjoying it and were in the best of health. Vosburgh's sister, Mrs. Austin Mack, and Mr. Mack had just arrived from Portland, where he had been called about entering the service in a few days.

Cpl. Warren Bonney has just spent a ten-day furlough with his parents, Mr. and Mrs. Harry Bonney, on Piedmont street. Bonney had been released from the Briggs Field hospital on sick leave. While

### Delegate to US?

Gen. Georges Catroux (above), head of the DeGaulist forces in Syria, is being considered to head a Fighting French delegation to Washington, according to reliable London sources. Gen. Catroux is generally entrusted with the most important diplomatic missions within the Fighting French movement. — Associated Press Telegram.

### Where They Are What They Are Doing

home he became ill again and was taken to the hospital at Camp Adair.

Lt. Howard G. Adams spent his leave with his parents, Mr. and Mrs. Glen Adams, on Kingwood Heights. Lt. Adams is stationed at Camp Gerber, Okla., and was enjoying his first leave in over a year. He has been discharged from the army hospital after suffering pneumonia.

**LIBERTY**—Staryl C. Austin, jr., received orders Sunday to report for further training at the glider replacement center in Hondo, Texas. He has been home on furlough following the finish of his flight training at Cle Elum, Wash., where he won his wings. He is the elder son of Mr. and Mrs. S. C. Austin of Liberty and has been in the air corps since September 15.

Mrs. atherine Schmidt has received the diploma given her son, Isaac, when he finished training in the air corps armorer's school at Buckley Field, Colo. Her latest word was that he had arrived at Westover Field at Chicopee Falls, Mass., where he is with a fighter squadron. Armorer's training consists of installing and repairing all types of guns or cannon in airplanes.

"Being shore based has its good points," writes Dwight Ellenwood, son of Mrs. Pearl M. Ellenwood of Amity, who is stationed at Honolulu. He has been on duty for a year with an aircraft carrier in the Pacific and participated in several naval engagements before being transferred to a shore station.

"When I get the liberty I go to Honolulu and have a good time. I usually stop at the army USO or navy YMCA and take in a dance or a hula show. The USO makes all enlisted men feel at home so most of the men like to go there," he continued.

Dwight is studying to be a coxswain and will go up for his rating soon. He is enthusiastic about the promotion saying, "I think I have chosen about the best rating in the navy. A coxswain has to know all about small boats, about seamanship, something about navigation, and above all he must be able to handle his men. Usually a coxswain or boatswain is a pretty tough guy."

While working for his new rating, Ellenwood is on staff duty transferring officers and men to and from their ships anchored in the harbor.

While Hawaii is a land of perpetual sunshine and flowers, the Oregon sailor hasn't forgotten his home state and Willamette valley. He likes to think of spring-time in the valley with all the apple and cherry blossoms, according to his letter. His enlistment period will last for another two years.

### Young GOP Makes Plans

Eighteen officers and executive board members of the Young Republican federation of Oregon met for lunch at the Benson hotel in Portland Sunday to outline a program for the coming year. Sam F. Speerstra, chairman, presided. Committee appointments were: publicity, Dorothy L. Cornelius of Salem; party political participation, Lofton L. Tatum of Portland; organization and program, James E. Fairbanks of Portland.

It was voted that a "service man's letter" be sent to all members in the armed forces each month. The chairman was authorized to write a letter to the legislature to the effect that the federation is supporting the bill to amend the constitution lowering the voting age from 21 to 18, for the reason that "if they are old enough to fight—they are old enough to vote."

### Army Surveys Yamhill Area

**WASHINGTON, Feb. 1**—(AP)—Army engineers are engaged in a survey of the Yamhill area but, Senator McNary (R-Ore.) said no construction or other improvement along the stream is to be expected until after the war. Alex Cruickshank, McMinnville farmer, asked the senator the purpose of the survey, saying that location of a dam on the river might damage his farm near Willamina. The senator's inquiry brought an explanation from the army engineers that the work is being done pursuant to a senate resolution in the interest of flood control and navigation but, since the president has halted all federal public work contracts until after the war, unless it has a specific value for the war effort, no action will be taken for the present.

### Japanese Entitled to UCC Benefit Payments, Opinion

Unless otherwise instructed by some federal officer or department, the state unemployment compensation commission must continue to pay benefits to Japanese claimants even though they may be enemy aliens and held in federal relocation centers, according to an opinion of the state attorney general's department prepared Monday at request of State Treasurer Leslie M. Scott and the commission.

The opinion, written by Willis S. Moore, first assistant attorney general, suggested that the com-

mission communicate with Lt. Gen. J. L. DeWitt, commander of the Fourth army and western defense command, or the war relocation authority if it wants any change in the situation. The matter of whether or not

such Japanese are entitled to receive unemployment compensation is entirely within the war powers of the federal government," the ruling held. "It is my opinion that you are authorized, under the instructions heretofore received, to continue to make payments of unemployment compensation to Japanese in accordance therewith until otherwise instructed by some federal officer or department having authority in the matter."

### Accident Takes Soldier's Foot

**ALBANY, Feb. 1**—(AP)—Found lying beside the Southern Pacific railroad tracks here Monday with

returned to relocation camps arose last week at a state-board of control meeting. Treasurer Scott laid several canceled checks, made out to alien enemies, before the board and said he would ask for an opinion on whether the commission must continue such payments.

### Army Family Arrives

**EAST ENGLEWOOD**—Mrs. Robert Hulst and daughter, Judy, arrived Sunday from Camp Shelby

Miss. They went south before Christmas to be with Lt. Hulst. They will be with his parents Mr. and Mrs. Bert Hulst in Salem during his absence.

### Co-op Creamery's Dividend Record

**McMINNVILLE, Feb. 1**—(AP)—A record dividend payment of 4.37 cents per pound butterfat, totaling \$66,743, was announced Monday by the Farmer's Cooperative creamery.

The dividend is double the one for the previous year, President Herman Bernards said. R. A. Herr, Gaston, was named to succeed F. C. Jernstedt, Yamhill, on the board of directors.

### Soups your whole Family will enjoy

It's high time for those hearty, satisfying meal-in-themself soups to stage a comeback, for they're the kind of offerings that do a nourishing wartime job.

**BRING BACK THE SOUP POT**—Remember the soup pot that simmered continuously on the back of Grandmother's stove? The idea is just as good as it ever was. Save every iota of trimming, rind, scrap and bone, put them in a pot, cover with water, and simmer covered until every bit of good is gleaned from them. Strain from the makings, and you have a rich stock to serve as a basis for soups, gravies and sauces.

**BUILDING A SOUP**—To this stock, add the water you've saved from cooking vegetables, rice, barley, spaghetti or potatoes. Just heat them in the soup, and be careful not to overcook.

**CREAM SOUPS**—Thicken the stock with 2 tbsps. flour and 2 tbsps. melted butter or substitute and two cups of milk, plain or diluted evaporated, add 2 cups vegetable water and the cooked vegetables. Mix well and heat to almost boiling.

**CANNED AND DEHYDRATED SOUPS**—For those quick soups that start the meal off successfully or serve as a light meal in themselves, canned soups or dehydrated soups are the happy answer. These soups are downright delicious and do a rollicking good job of supplementing that meat or meatless course.

**JULIA LEE WRIGHT**  
Tells you about cooking yellow vegetables in her article in this week's issue of the Family Circle Magazine. Remember the Family Circle Magazine is out every Tuesday now—it's FREE.
