

### School, Farm Leaders Discuss Teachers' Bill

DALLAS — At a meeting of school and agricultural leaders in the Dallas Junior high school Monday night, those attending discussed problems of taxation affecting both farmers and teachers. Lyle Thomas, former Polk county representative to the legislature, presided over the joint meeting. The teachers' bill, providing for

division among school districts of the state of income tax collections in excess of \$7,750,000, came in for consideration with the group taking a stand against repeal of the law enacted by the people and opposing reduction of the income tax because such action would defeat the purpose of the law as enacted. Attending and taking part in the teacher's discussion were Ammon Grice, state president of the Farmers' Union; L. H. McBeck, county president of the Farmers Union;

J. P. Smart, president Orchard Heights Farmers' Union; W. J. Stockholm, master of the Monmouth grange; Donald Gabbert, member of OSTA legislative committee; Lyle Thomas, president of the Polk county OSTA; Henrietta Wolfer, delegate of the Polk county OSTA; Mr. Phelps, vice president of the Polk county division OSTA; Josiah Wills, Polk county school superintendent; Mr. Sprague, Independence training school.
