Tomison, the Silverton school board took care of only routine business at its regular February meeting held Wednesday night and presided over by Carl Hande, Jr. The election of one new school board member to replace the late Glenn Price, and the election of school teachers had been planned as part of the business. These matters will be taken care of at a special meeting to be held as soon as Mr. Tomison is able to attend.

At the Wednesday night meeting, purchase of materials needed for the new physical fitness program as well as the nursing program were authorized. Authorization was also given to holding vocational classes in the Byberg plant.

The board voted to give some of its duplicate copies of books to the soldiers and these will be called for by the Boy Scouts.

Discussion of teachers' pay was held briefly but no action will be taken on this until after the legislature has taken action.
