

Stock Mart Takes Rest

Rubbers and Metals Pace Small Gains; Average Up .1

NEW YORK, March 5—(AP)—The stock market paused for breath Friday after four fast sessions this week...

Gold shares, generally rated as "peace" issues, found favor and improved modestly. Rails slipped at the last but rubbers, coppers and steels held their own...

Activity in low priced and "penny" stocks shrank in comparison with previous sessions this week...

Prominent among Friday's gainers were Homestake, Dome Mines, and Sunshine Mining which touched a 1943 high mark...

Twentieth Century-Fox was up a point in the "new high" class, as were Continental Baking, Aviation Corp., International Harvester, Reynolds Metals and Anaconda.

Bethlehem stiffened after early weakness and added 1/4. US Steel netted an equal amount. Chrysler recovered to climb 1/2 at 72 1/2.

American Telephone slipped 3/4 while Dow Chemical was off 1/2.

The strength in industrials was a major factor in lifting the Associated Press average of 60 stocks to a new peak for this year at 46.5, up .1 of a point from Thursday.

Profit Taking Drops Grains

CHICAGO, March 5—(AP)—Hedge selling and profit taking got the better of the wheat market Friday and prices slumped more than a cent in some deliveries.

Wheat was higher early on continued mill buying, but this dried up later in the day and the weight of offerings brought a reversal in the trend.

The bread cereal closed 3/4-1 1/4 cent lower, May \$1.47 1/4-1/2, July \$1.48-1.48 1/4.

Traders were interested in a further upturn in Winnipeg wheat, where American interests were said to be buying, but the gains in that market had no influence on local quotations.
