PENNEY'S

J. C. PENNEY CO., INC.

A SET OF HOBNAIL GLASS—BUT MUCH MORE THAN THAT!

The early American housewife treasured her hobnail glass—even a single piece of it! Today, hobnail glass, perfectly reproduced from these originals, is seen at Penney's as the fulfillment of a twofold wartime obligation to our customers:

- 1) To help you beautify your home at small cost, to make it pleasant and inviting after hard days and nights at war work.
 - 2) To help clothe and equip every member of every American family on the home front!
- This 23-piece hobnail luncheon set is an example of what our resources, our experience, and our will-to-serve can produce. And this one example is multiplied by thousands—in 1610 Penney stores all over the country. Every Penney store emphasizes good quality and fitness for the needs of today: Rayon hose so good that you will hardly miss your silks and nylons; work clothes built for heavy wartime demands; children's clothes, free from time-consuming frills; the very cream of the nation's yard goods, for women who sew at home.

That is the picture of how Penney's stands by you, continuing its long-time habits of careful and simple storekeeping! Back of everything we do looms this one great question: Will this help or hinder the winning of the war?

NOT JUST A BOLT OF YARD GOODS...

it's lovely dresses... smart pajamas... new clothes for the kids...

NOT just a bolt of Yard Goods, it's much more than that! It's a new dress for Mrs. Miller—Play Suits for the Fletcher kids—Pajamas for Mother and Dad—a Bedspread for Aunt Martha! It's the hundreds of clever and useful and pretty things into which the nimble wits and shuttling fingers of women can transform it. In a sense this simple bolt of Yard Goods is the crest and hallmark of a great American business—The J. C. Penney Company.

THE FIRST PENNEY STORE, OPENED 41 YEARS AGO IN KEMMERER, WYOMING, SET A NEW PATTERN OF NEIGHBORLY, LOW COST, RETAIL STORE SERVICE.

Yard Goods were a major part of the stock in trade of Mr. J. C. Penney's first little store—opened 41 years ago this month in Kemmerer, Wyoming. From the outside it looked far from impressive. Inside, though, people discovered it was different. For this store was dedicated to a new kind of store-

keeping—to a neighborly idea—an idea as typically American as ride-sharing and quilting bees! Mr. Penney didn't think "How much can I take!" but "How much can I give?" He cut out useless frills, charge accounts and deliveries; pared prices to the bone; preferred many sales at small profit to a few at large profit.

THE PENNEY IDEA SPREAD, AND GREW, UNTIL TODAY PENNEY STORES DOT THE ENTIRE MAP OF THE UNITED STATES

Kemmerer took to the first Penney store as buffalo take to pasture! So did Moscow, Idaho later on. And Salt Lake City, Utah. And San Antonio, Texas. And today there are over 1600 Penney stores in all 48 states, and Penney's is truly an American institution.

For every hundred dollars worth of sheets, or blankets, or shoes, or Yard goods the Penney store sells in Peoria, Illinois or Scranton, Pennsylvania, or Savannah, Georgia, it pays back honest and substantial savings.

For every hundred dresses, or shirts, or overalls it sells in Waltham, Massachusetts, or Stockton, California, or Chillicothe, Ohio, it pays back rich dividends in local salaries, rent and taxes.

Today Penney stores from Coast to Coast are making a tremendous contribution to the nation's wartime program of Thrift and Savings. Today Penney stores, in neighborly fashion, are helping to balance the household budgets of millions of Americans. Today Mr. Penney's 41 year old idea of success through giving, rather than taking, is still the Penney way.
