# Stocks Show **Rising Trend**

#### Late Profit-Taking Reduces Majority Of Increases

NEW YORK, March 23-(AP)-The stock market Tuesday duplicated its recovery swing of Monday but profit-taking at the last reduced the majority of initial gains of factions to a point or more.

Forward inclinations ruled at the start and issues selling under \$10 came out in big blocks to boost volume. Steels, rubbers, chemical, rails and specialties were popular the greater part of the time but some of these eventually backed away. US Steel, for instance, up nearly a point at one time, finnished unchanged in the wake of testimony before a senate investigating committee criticizing work of a subsidiary on government orders. Rails also lost momentum toward the close.

The Associated Press average of 60 stocks was up .2 of a point at 46.2. The market exhibited considerable breadth, 920 individual issues being traded. Of these 521 were up, 168 down and 231 unchanged. Transfers of 1,191,970 shares compared with 851,450 the

Included in the "new high" category were Goodyear, US Rubber, Lee Tire, Willys-Overland common and preferred, Dome Mines, McIntyre Porcupine, Virginia-Carolina Chemical, Pepsi-Cola, American Agricultural Chemical, Sunshine Mining and Spiegel, Inc.

# 7000 Enroll, Job Training

During the month of February approximately 7000 persons enrolled in vocational education classes in this state, officials announced here Monday. More than 1300 of these were women train-
