

Plan Easter Dedication

Mt. Angel Erects Plaque Honoring Servicemen

MT. ANGEL—A huge plaque, 22 feet high and 9 feet wide with room for 275 names, is to be erected on the St. Mary's church lawn and dedicated Easter Sunday as a special tribute to the men from the parish who are in the armed services.

The idea of the plaque originated with Father Hildebrand and it is he who is planning the big dedication celebration. He expects to have several hundred service men here for the occasion.

The plaque is to be built in the form of a replica of the main entrance of St. Mary's church, with a framework of gray brick like that used in the church, and the plaque itself a cast piece of metal ten by five feet. On either side of the framework there will be a flagpole.

A series of emblems will be engraved on the cast. At the very top will be the sun of justice, below it the cross of salvation, then the eagle of might, and a series of symbols of triumph. Then there will be a large space with grooves into which small plates with the names of the soldiers can be slipped, while the anchor of hope adorns the bottom of the cast.

The plaque will face St. Mary's school, where most of the boys in service received their early training.

Various societies have been requested to help with the celebration. The Knights of Columbus have been appointed to take charge of the entire parade. The Catholic Daughters of America have charge of children, young people, dress and decorations. The Young Men's sodality is preparing a history of the men in the service. The teachers have charge of the singing. The Men Foresters have been instructed to send invitations to the soldiers, visiting speakers and guests. St. Ann's Altar society has been given the job of providing housing for the service men, and the Young Ladies sodality will act as junior hostesses.

Frank Hettwer will be master of ceremonies and T. B. Endres, general chairman.

Halsey Presents Navy Cross to Admiral Lee

"He sought out and engaged" the enemy, so Adm. William F. Halsey, Jr., USN, who has a penchant for "looking up" or dropping in" on the enemy, presented Rear Adm. Willis A. Lee, USN, with the navy cross. Photo shows the presentation aboard a warship in the South Pacific area. Admiral Lee led a task force against a superior Japanese force which was trying to reinforce Guadalcanal on the nights of November 14-15, 1942. "He sought out and engaged the enemy," the commander of the South Pacific force read from the citation, "a superior enemy force and in the furious engagement which resulted destroyed at least one battleship, three cruisers and one destroyer and damaged several others and turned the enemy back. Bean Acreage At Unionvale Expected Larger

UNIONVALE—Good progress is being made at the U. S. Alderman farm here in hauling manure to the fields which are being prepared for planting of 130 acres of Blue Lake beans. Four large trucks are being used to haul the fertilizer from barns to fields. Two mechanical loaders are used, one at the barn and the other at the field to load the two spreaders. Caterpillar tractors are the power for the loaders and spreaders.

Raising Blue Lake beans has for some years been a major crop at the Alderman farm and to expand food crop yield to comply with war time request, farmers are not leaving a stone unturned in the pre-crop planting program. The bean acreage in this area this year is expected to be much larger than any previous season.

Dean Flays Adult Morals

Less Entertainment, More Religion Dean Advises

SILVERTON—Dr. U. G. Dubach of Oregon State college, was of the opinion that the young people of today have too much rather than too little entertainment, according to his talk at the public forum at Silverton Monday night. This was sponsored by the Christian Men's association of Silverton.

Starting with Monday night and ending with Thursday night, Dr. Dubach thought, he said, that the young people were at home studying. He was of the opinion that there was no particular youth problem different from youth problems of all generations but that here was an adult problem.

He insisted that the adult generation was trying to operate a high powered machine with a low-geared moral motor and that folk should try to live a "little from the neck up instead of as they do, almost entirely from the neck down."

Religion, in the opinion of Dr. Dubach, is playing too small a part in the modern scheme of things. He suggested forgetting the petty church quarrels and troubles and looking only to the bigger scheme of things.

Sitting on the forum Monday night were Mrs. M. G. Gunderson, Mrs. F. J. Roubal, Rev. O. Leonard Jones, Don Renwick, Robert Miller, Miller, high school teacher, showed figures gathered from high school seniors and juniors that 36 per cent of the two groups attend church regularly and 21.6 do not attend at all; that 89 per cent of these high school students believed in some form of life after death, and that only four of the group claimed to be atheists.

Mrs. Roubal, in her survey among the younger high school boys and girls, reported that a much smaller percentage attended church services regularly. Rev. Russell Myers was chairman of the discussion. Rev. M. J. K. Fuhr pronounced the benediction.

The April forum will discuss the problem "The Young People and the Home" with Dr. Everson as the guest speaker. Dr. Dubach also addressed the high school students and the Rotary club while at Silverton Monday.
