Mildly Irregular Day Closes Best Week Since Early 1942

NEW YORK, March 27-(AP)-The stock market Saturday stepped out of its best week since early 1942 on a mildly irregular note with scattered favorites hitting peaks for nearly three years in heavy volume and exceptional breadth.

The Associated Press 60-stock average, with the aid of a 31/2point jump in Eastman Kodak on total sales of 1000 shares, ended with a gain of .1 of a point at 47.8. For the week it was up two full points, widest improvement in about 15 months. Dealings were the broadest for a Saturday since December 27, 1941, 860 individual stocks registering on the ticker tape. Of these 559 were down or unchanged and 301 up. Transfers of 798,030 shares compared with 484,290 a week ago and were the third largest for a two-hour stretch in more than a year.

Gainers on the day, many in the new high category, included Goodyear, US Rubber, White Motors, Glenn Martin (which responded to a pleasing earnings statement) International Nickel, Dow Chemical, Johns-Manville, J. C. Penney, Paramount, Loew's and American Sugar. Among losers were US Steel, Bethlehem, Chrysler, American Telephone, Southern Pacific, Kennecott, Du Pont and Western Union.

Selling Puts Wheat Down

CHICAGO, March 27-(AP)-Moderate hedge selling uncovered a scarcity of bids in the wheat pit Saturday and prices slumped in a quiet trade. Rye was down with wheat, but oats maintained a firm

Wheat closed 16-% lower, May \$1.44%-%, July \$1.45-\$1.45%, corn was unchanged at ceilings, May \$1.01, oats advanced 1/4-1/4 and rye declined 1/4. There was little incentive to buy

wheat in view of the uncertain legislative picture, most traders preferring the sidelines until they see whether the Bankhead bill receives presidential approval or is vetoed. The measure would prohibit deductions of benefit payments in setting ceilings. Approval of the bill would raise

the flour ceiling, and therefore have a stimulating influence on wheat, traders said. It was considered possible that it would ultimately result in a one cent advance in the price of bread.
