Local Talent Returns—Bill Kleeb, trumpeter, and Maurice Winter, trombonist, will appear with the Jan Garber orchestra which will perform at the armory Friday night. The pair, both former Silverton residents, have played with the orchestra in San Diego and Los Angeles and spent two days at the Columbia studios where they were part of a motion picture cast. Maurice Winter expects to spend the weekend with his parents, Mr. and Mrs. H. J. Winter of Silverton, after a six-year absence from home. The orchestra is scheduled to spend the next two weeks at Janzen Beach. Lutz Florist, Ph. 9592. 1276 N. Lib.

Sign Planned—The state highway department will within the next two weeks install a sign at the intersection of Morgan avenue and the Turner road pointing the direction of the Auburn school. County Judge Grant Murphy said Wednesday after conferring with department officials. The sign was requested by Pauline Miller, secretary of the Auburn school 4H club.

American Legion Aux. rummage sale Apr. 9 & 10, Nelson Bldg.

Fisher Returns—County Surveyor Hugh Fisher has returned to his office following six weeks' convalescence after a major operation. He plans to spend only a portion of each day at the courthouse until he has further recuperated.

4H Contest Awards Named

Names of 25 Marion county 4H club boys and girls whose essays outlining victory garden plans had been selected as winners among all those submitted in the opening of the organization's season-long garden competition were announced Wednesday by Amos Bierly, county 4H club leader. Donna Wiederkehr, Salem, led the list as having submitted the outstanding essay among 74 submitted in the county. Others listed were:

Annis Miller, Vivian Jaquet, Jean Darby, Lucille Jaquet and Dale Miller, Victor Point; Richard Krenz, Guy Scott and Floyd Fox, Jr., Union Hill; Melford Rolow and Orville Hatfield, Turner; Dorothy Engelhart, Carl Beach, Mary Lou Feskens, Shirley Utting, Carolyn Lee and Mayetta Sutter, Auburn; Marion Roland, Aumsville; Betty DeGuere, Buena Crest; Jerry Lynds, Pratum; Marvin Black, Keizer; Betty Trout, Liberty, and Shirley Girod, Salem. Each of the 25 is to receive a prize of garden seeds and plants from Sears Roebuck & Company. Winners in a fall exhibition of garden produce will receive a first prize a half scholarship to 4H summer school and \$7, second prize of \$5 and third of \$3. Thirty-two pupils from Auburn school participated in the contest, which was judged by County Superintendent Agnes C. Booth, Miss Frances Clinton, home demonstration agent, and W. G. Nibler, assistant county agent.

Scheetz Replaces Martin in House

The Josephine county court Wednesday notified Secretary of State Robert S. Farrell, Jr., that it had elected Orville H. Scheetz, Grant Pass, as state representative in the legislature to succeed Kenneth S. Martin, who resigned to become a member of the state game commission. Scheetz is a republican and has been prominent in Josephine county affairs for many years.

Jap Bombs of 1943

This is No. four in a series of five consecutive daily articles on the bombs now in actual use by our enemies, and the way to handle them. The Oregon state defense council emphasizes the fact that there is no assurance that some other type of bomb may not be used in any attacks made on the Pacific coast but those pictured and described in this series are the most recent types used by the Japs on other fronts.

60 Kilo Solid Oil Incendiary

This bomb weighing 132 pounds is approximately 41 1/2 inches in length including tail, is blue-gray in color with red-tipped tail fins. This bomb has a filler of solidified inflammable oil which has the appearance and consistency of wax surrounding a central ignition tube of thermit. An explosive propelling charge is located in the nose of the bomb. Upon impact the fuse sets off the propelling charge which ejects and scatters the solid oil.

Women who suffer SIMPLE ANEMIA If lack of blood-iron makes you pale, weak, "dragged out"—try Lydia Pinkham's remedy—one of the best and quickest home ways to help build up red blood to get more strength and promote a more vigorous bloodstream—in such cases, Pinkham's Tablets are one of the greatest blood-iron tonics you can buy! Follow blood directions.

Army's Amphibian Peeps Take to Water

Fresh off the assembly line that once turned out Ford cars, these new versions of the army's peep, a four-wheel drive, quarter-ton car that's equally at home on land or in the water, take to the Rouge river near Detroit for test runs.—Associated Press Teletext.

Public Records

CIRCUIT COURT Lyle P. Bartholomew vs. Mr. and Mrs. A. Folsom Tallman; order overruling motion to make more definite and certain. Roy R. Hamblin vs. Ethel Myrl Hamblin; motion to make more definite and certain allowed and defendant required to file amended answer within 10 days. James Hackett vs. Ben Schlag and Mildred Schlag; order overruling demurrers and defendants given 10 days in which to further plead. Fred T. Bilyeu vs. S. J. Bender; complaint to collect \$210 and interest at seven per cent from June 29, 1937, alleged due on note and \$50 as attorney's fees. W. A. Wilson vs. J. A. Moxley, plaintiff's objections to cost bill based on allegations that court did not allow costs, that plaintiff objects to item of \$5 for trial fee because, he declares, that sum was not paid by defendant but was paid by plaintiff, and to witness fees for C. W. Wallace and Maurice Moxley, totaling \$10.60 upon ground that neither of witnesses were material or necessary to the trial. Margery Pettit vs. Albert E. Pettit; complaint for divorce charging cruel and inhuman treatment; married in Roseburg, November 10, 1936. Gertrude West vs. James O. West; cost bill of \$30.40. Carl Stanley Joslin; violation of basic rule; \$5 fine. Murray McLeod Schofield; illegal reverse turn; \$1 fine. Lloyd E. McMullen; running red light; \$2.50 fine, with \$1.25 suspended. Gilbert Claud Hamman; violation of basic rule; \$7.50 fine. Robert Banks; failure to stop; \$2.50 fine.

Trustees Petition PGE Rate Ruling

Trustees representing the common stock holders of the Portland Electric company, parent or holding concern for the Portland General Electric company, Wednesday petitioned for permission to intervene in the hearing involving State Utilities Commissioner Ormond R. Bean's recent order directing the Portland General Electric company to equalize downward its electric rates in all territory it serves. Bean said his order contemplated that the electric company would receive a fair and reasonable return on its capital investment and in a fair way reflect to patrons of the company the present low cost of electric power. The trustees are interested in having the rate base so established as to produce the largest possible revenue, Bean said. Thomas W. Delzell and R. L. Clark, independent trustees, have requested that the hearing be postponed until after May 25, pending the return of their attorney who is now in the east.

Joint Property Forms Prepared

State department officials Wednesday were preparing forms required for married couples who desire to come under the so-called community property law approved at the recent legislative session. The new law becomes operative on June 9. The forms are modeled after the Oklahoma law. The law permits married couples to file individual returns. Proponents of the law argued that operation of the act would save Oregon federal income taxpayers approximately \$9,000,000 annually. Officials said the forms could be made out any time after June 9 by payment of a \$25 fee to the secretary of state. Copies of the forms will be sent to the county clerks of the counties in which the applicants reside.

V-Home Rules To Be Stiffened

Families receiving V-home stickers this month will have to present evidence that they are doing their best in the war effort, State Civilian Defense J. E. Rold Owen declared here Wednesday. He added that air raid and block wardens who distribute the stickers would not be too severe. April has been designated as V-home month throughout the nation and defense officials hope that every family will take precautions against air attacks, such as having materials to fight incendiary bombs and cleaning out attics.

From where I sit...

After that Western thriller at the movies, Ben Ryder says: "You know, the West wasn't all like that. While the gun-play was going on—respectable folks were weeding out undesirable elements... red-eyes saloons and gambling joints." And Ben's right. There's a split in America that's always working for a better community. Take that "clean-up or close-up" program of the brewing industry, for instance. Its whole purpose is to see that beer is sold only in clean, respectable places. Everybody benefits from cooperation like that—even folks who want Prohibition back. Because these beer folks are working for the same thing—a decent, law-abiding community. From where I sit—the way isn't to pass more laws, but to enforce the ones we've got—and rely on America's spirit of tolerance and cooperation. Joe Marsh

Second War Loan Drive To Be Launched April 12

A second war loan drive gets under way April 12th. One hundred million dollars is to be raised by sale of war bonds in 20 days, by May first. This county's quota will be, roughly, \$6,954,100. To reach this goal, every man, woman and child in the country will have to buy a minimum of \$100 in bonds.

Mr. J. J. Gard and Frederick S. Lamport, chairmen, respectively, of the victory fund committee and the war savings staff for Marion county, are in charge of the local campaign. Announcement of the temporary combination of these two war bond selling agencies into a united war finance committee was made last week by Palmer Hoyt, state war savings staff chairman, and E. C. Sammons, state chairman of the victory fund committee.

Every establishment in the state employing 25 or more persons will be asked to join in a "purchase equipment" campaign during April. The concern will be asked to select some pieces of army or navy equipment such as a bomber, fighter, anti-aircraft gun—in fact, anything from a battleship down—and purchase enough bonds inside the organization to pay for it.

Special cooperation by the army and navy is providing a plaque on the larger pieces of equipment that credit the source to the group providing the funds. The campaign is timed from April 12 to May 1.

Labor Loss Threatens Ship Quota

WASHINGTON, April 7—(AP) Labor turnover in shipyards has become so serious that it threatens this year's goal of 16,000,000 dead-weight tons of merchant-type vessels, small aircraft carriers and escort vessels, the maritime commission said Wednesday night. The turnover in the first quarter of the year averaged 11.2 per cent a month, with only two per cent represented by withdrawals of men to enter the armed forces. As a result, the commission said, a "deficit" of 71,478 workers was created. The figures cover only shipyards working on commission contracts and do not include yards working on large aircraft carriers and other naval vessels under navy contracts.

Rear Admiral Howard L. Vickery, in charge of the commission's shipbuilding program, said the situation is so critical "as to indicate that it is imperative to reverse the current manpower trend if we are to insure the completion of the scheduled program on time." The scholarship fund is to be built up by contributions of members, the number of persons aided depending on the amount of money available. Scholarships would be for one year renewable in the discretion of the committee for the four-year course, and would be grants, not loans. The grants would cover the tuition charge.

Headed by W. M. Hamilton, secretary; Grover Hillman, treasurer; Robert Nixon and Charles Fowler, directors. The club approved a resolution to create a scholarship fund for use of selected students attending Willamette university. One half of the scholarships would go to graduates of Salem high school, the other one-half to graduates of other high schools in Marion and Polk counties. Selections would be made by the Rotary scholarship committee in conjunction with the admissions committee of the university, and would go to persons whose scholarship rank was in the upper quarter of the class and who demonstrated qualities of leadership and service in the school.
