108 to 0 the Worst of Course

Most memorable and worst shellackings the Methodists dealt opponents were the 67-0 rout of Whitworth in 1912, the 71-0 un fressing of the Vancouver Barracks the same year and the 75-0

whopping Whitman took in 1934.

Hardest entries to write into the books were of course the infamous 108 to 0 annihilation the 'Cats took from Washington Huskies in 1925 (maybe one reason for Ruthbun's last year as coach—things like 108-0 are intolerable in the coach vs. alumni business), and the 76-0 beating Oregon State gave 'em in '31.

OSC tapped 'em to 69-0 and and 67-0 tunes in 1915 and 1902 respectively as well, and Oregon kicked 'em with a 64-0 boot in 1914.

more popular since he was the public's choice at \$4.70 to \$2. With Regards, on the other hand, was lightly regarded in the betting that made Mrs. Payne Whitney's Devil Diver the red-hot favorite. With The Diver refusing to run back to

Both winners carried the same weight, 126 pounds, but Apache was caught in the faster time for the six furlongs. Ball Rolling

The Toronto Maple Leafs' outfield candidate, who batted .381 for Three Rivers in the Can-Am league last year, demonstrated how a one - armed outfielder makes a catch and throw when he nipped speedy JoJo White off second base early in the first of a three-game series between the Leafs and the Athletics.

In addition he laid down bunt, and beat it out with a phenomenal burst of speed, and then stole second standing up.

To catch a fly, Gray slides his gloved hand across his chest and under his right armpit. The ball rolls back on his wrist and drops into his hand as he pulls it back quickly, leaving the glove tucked under his arm.

He uses a light, slender bat and swings from the first base side of the batter's box, with a full follow-through. His boosters say he can pole a tremendous drive, and doesn't depend on bunts and scratch hits for his fat average.

Gray was a right-hander by birth but his right arm was amputated at the shoulder after he fell from a truck in Nanticoke, Pa., when he was six years old. Despite his handlcap, he made the high school team and get a job with Three Rivers in the old Can-Am league. Then he went with the Bushwicks in Brooklyn for several seasons, to earn more money, but returned to the Can-Am when it became a recognized professional league, because he wanted to get a start in organized ball.

'Kids' Retain Relay Title; Merki Beaten

By CHARLES CHAMBERLAIN

CHICAGO, April 10-(A)-June and Joan Fogle, the sensational swimming sisters of Indianapolis' Riviera club, won two championships in the second round of the national AAU women's indoor Hoosier organization 21 points to 28 for the Multnomah club of Portland, Ore., in the team-title com-

Joan, only 14 years old, pulled the meet's biggest upset by winning the 440-yard freestyle race with 35 feet to spare over Multnomah's 16-year-old Nancy Merki, who had captured the indoor ribbon for three straight years.

The three-day splash will conclude Sunday with the 300-yard medley relay; the 220-yard freestyle, in which the older Indianapolis sister, June, will get her chance against the favored Miss Merki; the 100-yard breast stroke. with Joan probably taking her turn again; and the three-meter diving, which Ann Ross of Brooklyn's Dragon club will attempt to win after winning the one-meter low board crown.

Joan's freestyle distance victory Saturday night gave her a "double", for she annexed the 300-yard individual medley championship Friday, Suzanne Zimmerman of Multnomah also collected a "double" by winning the 100-yard backstroke title, to go with her 100-yard free style championship of Friday.

Multnomah counted 18 points for the team crown Saturday night, gathering five on Miss Zimmerman's backstroke victory, 10 by repeating as the 400 yard freestyle relay champion, and three on Miss Merki's second in the 440 free-
