

Oregon's New Financial Responsibility Act becomes effective after June 9th. Here is a brief explanation and how you will be affected. IF YOU OWN OR DRIVE A CAR IN OREGON AFTER JUNE 9TH.

On, or after that date the driver of any automobile in the State of Oregon involved in an accident must, within ten days of such accident, file with the Secretary of State's office, proof of financial responsibility in the amount of \$11,000, being \$10,000 for the injury or death of one or more persons and \$1,000 property damage, for meeting claims for damages from future accidents. Failure to do so will result in suspension of the driver's license and car registration plates.

No matter how slight the damages or who is or is not to blame does not enter into the provision. The foregoing does not apply to the owner of a legally parked car.

The evidence of financial responsibility may be cash, a surety bond or a Standard Insurance Policy.

Remember—that after June 9th you cannot own or drive a car in the state of Oregon, following an automobile accident, until you file with the secretary of state, \$11,000 cash, or surety bond, or a standard auto liability and property damage policy.

**THIS MESSAGE TO THE PUBLIC IS FROM THE**  
**Salem Insurance Agents Association**

*In Oregon, Drive Carefully, Avoid Loss, Be Responsible, INSURE!*

In explanation of the new law—Oregon's Legislature is trying:  
 (1)—To reduce automobile accidents in Oregon.  
 (2)—Compel automobile owners and drivers to be financially responsible for injuries sustained and property damaged as a result of automobile accidents.

*The cost is low. Rates per year for Public Liability \$5,000/\$10,000 and \$5,000 Property Damage per car.*

	Salem & Vicinity	Marion County 5 miles outside Salem	Polk County 5 miles outside Salem
"A" Gas Card .....	\$16.00	\$14.00	\$12.75
"B" Gas Card .....	17.25	15.25	13.50
"C" Gas Card .....	18.50	16.25	14.50

Similar laws in effect in other states has actually reduced the number of auto accidents, brought about more careful driving, as the law effects only those who have accidents, and has resulted in more than 70% of automobile owners insuring for the protection of the public against injuries and damages sustained.

The surest way of avoiding a license suspension is to obtain a standard insurance policy now, before an accident. Be ready for the law before it goes into effect and insure your car before an accident, as afterwards it may be more difficult to obtain and the cost may be higher.
