Trained young women—older women—greatly needed to help in offices. Short courses offered. Capital Business college. 5987.

## Public Urged Not to Take Bus Trips

Repeating his advice to the traveling public not to do any non-essential traveling during the coming months, F. W. Ackerman, vice-president of Pacific Greyhound lines, in a statement to the press advises people to stay at home this summer and spend the money they would use for a trip to buy additional war bonds.

Acknowledging that this is unusual advice coming from a company whose business is to promote travel, Mr. Ackerman pointed out that winning the war is far more vital to everybody than taking week-end or vacation trips.

Mr. Ackerman said that he fully agrees with the statement made by Mr. Eastman, director of the office of defense transportation, to the effect that there will be little room for vacation or pleasure travel this year, and added that buses are already crowded with military traffic, war workers, and other passengers whose business is important to the nation's welfare.

Stating that while many war workers and others would undoubtedly benefit from a short vacation, Mr. Ackerman believes that they should relax at home, or near home, rather than take long trips. They should travel ONLY during the middle of the week, get travel information in advance, and carry as little baggage as possible. This cooperation, he said, will help relieve the nation's overtaxed transportation facilities which are so vital to the prosecution of the war.

## Gilmore Names Salem Manager

Robert L. Vail has been appointed manager of the Salem branch of the Gilmore Oil company, according to an announcement Tuesday by C. W. Ellis of the Oregon division of the company.

Starting as a truck salesman at the home office, in Los Angeles, he has advanced to his present new position during the past 17 years. He attended Portland schools and worked in the Portland shipyards in the closing days of World War 1.

## Road Group To Consider Project Bids

Bids for state highway commission projects aggregating a cost of approximately \$140,000 will be considered by the commission at a meeting to be held in Portland May 12. R. H. Baldoock, state highway engineer, announced here Tuesday.

One job involves construction of a concrete base for and erection of a foremast from the Battleship Oregon on a plot of ground near lay street, between Harbor Drive and Front avenue, in the city of Portland.

Other projects:

Furnishing 10,600 cubic yards of crushed rock in stock piles on the Alsea highway in Benton county.

Furnishing 10,000 cubic yards of crushed rock or crushed gravel on the Tiller-Trail and Crater Lake highways in Jackson county.

Furnishing 5000 cubic yards of crushed gravel in stock piles on the Warm Springs and The Dalles-California highways in Jefferson county.

Furnishing 10,000 cubic yards of crushed rock or crushed gravel in stock piles on the Dalles-California highway in Klamath county.

Clean and repaint Yaquina bay bridge on the Oregon Coast highway at Newport.

Construct 247 lineal feet of pile trestle bridge on the Scholls secondary highway in Washington county.

## Farm Labor, Waters Park C of C Topics

Farm labor for the coming summer and fall, as related to Salem business districts and the equipment at the Geo. E. Waters baseball park, which is offered by Mrs. Waters for the free use of soldiers from the nearby camps will be the main topics of discussion at the meeting of the chamber of commerce and the Salem Retail Trade bureau Friday noon at the Marion hotel.

Plans will be made for a contract with business firms to organize urban labor for work on the farms according to a definite schedule. Lists of the number of employees at various concerns will be made up and employers will release them at the scheduled times for farm work.

The farm labor committee consists of: L. M. Ramage, legislator and beverage manufacturer, chairman; Loyd Warner, manager of the J. C. Penney store and president of the Salem Retail Trade bureau; C. W. Paulus, hop control board; Robert E. Rieder, Marion county agent; I. M. Doughton, mayor and hardware dealer; Frank Doerfler, nurseryman and chairman of the chamber of commerce membership committee; Joe Wilson, US employment office; Lewis Judson, plumber; R. W. Hogg, representing farmers. Carl W. Hogg and Clay Cochran, respectively president and manager of the chamber will also be present.

## Cannery Work Call Issued

The first call for cannery workers was received this week at the US employment office when Ralph Steels of the California Packing corporation requested those who have had employment previously with the company, or experienced workmen who are looking for jobs to sign up for them with the employment service.

The company is preparing for the spinach pack which will be underway in May, probably about the middle of the month depending upon weather conditions, officials stated. The warm weather several weeks ago led packers to expect an early crop, but the late few cool days will postpone it for a week or two.

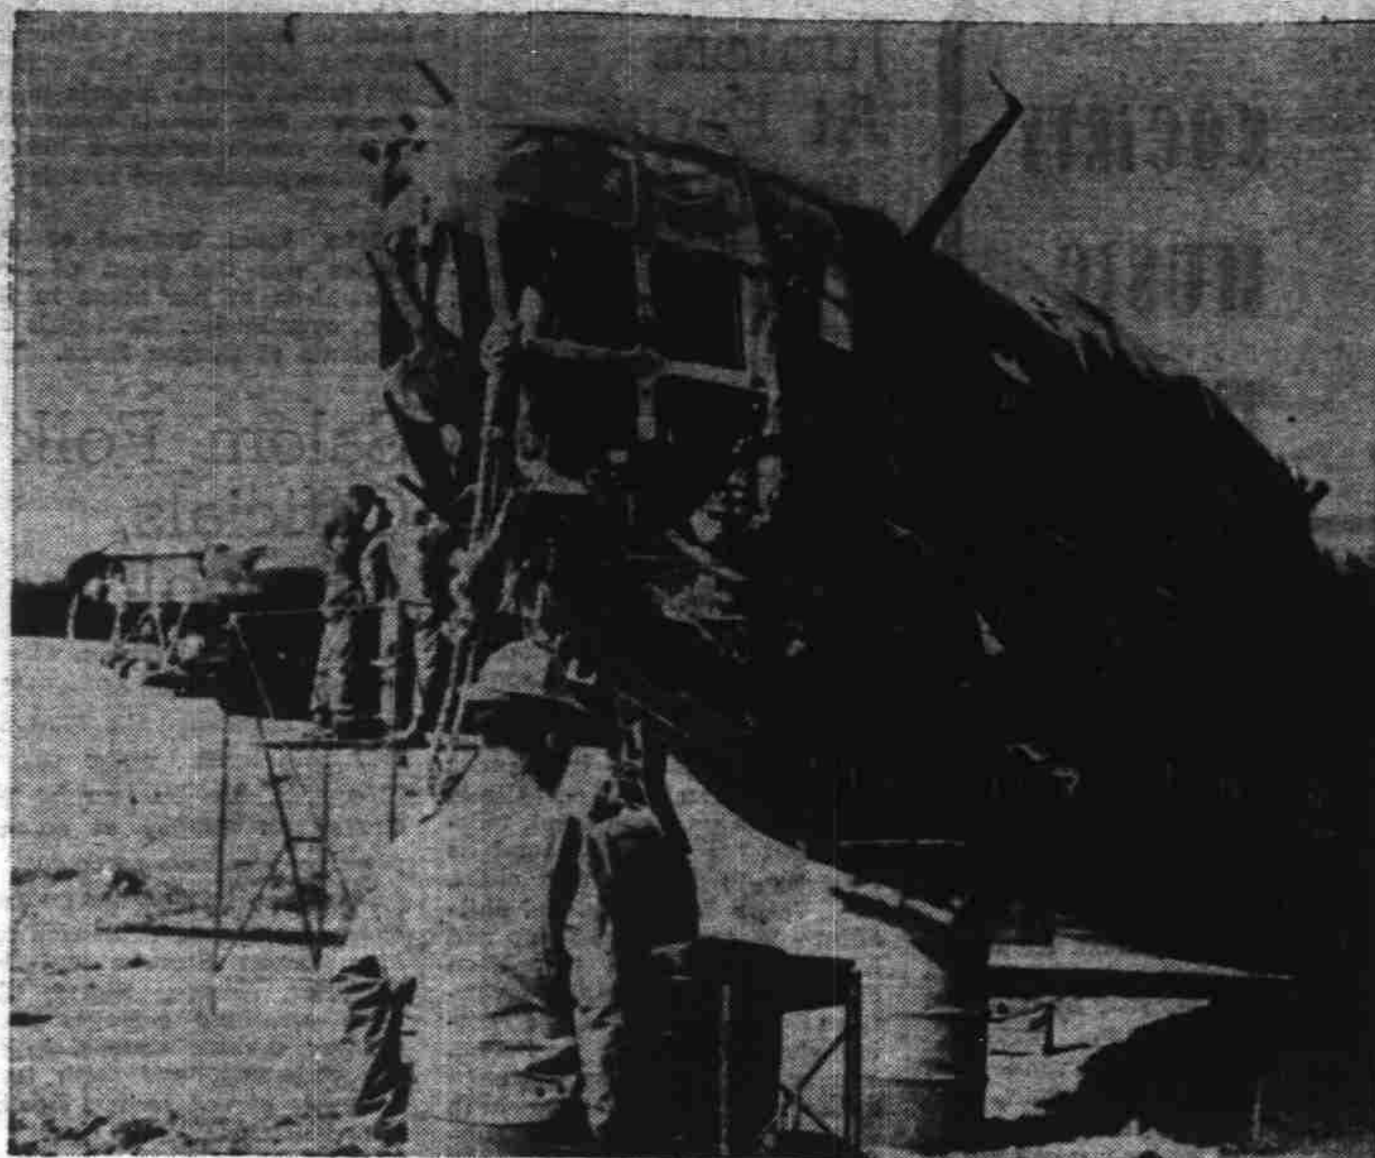

## Crop Pickers Campaign Planned

The work of lining up pickers during the coming harvest season, has been undertaken by Charles H. Gram, ex-state labor commissioner, in cooperation with packers and larger growers.

Gram said that while it is too early to determine definitely just how many trucks will be required in the area comprising Marion, Polk, Linn, Benton and Yamhill counties, this job is progressing satisfactorily.

## State High Court Upholds Validity of Wasco PUD

The state supreme court Tuesday upheld the validity of the Northern Wasco County Peoples utility district and denied the Pacific Power and Light company's contention that no peoples utility district can be valid unless voters in every parcel of territory within the district approve it.

Justice Hay wrote the opinion which was concurred in by all other members of the court. He affirms the decree of Circuit Judge Carl Hendricks who heard the case in Wasco county. The suit was brought by the district directors against the Power company and several citizens.

The peoples utility district proposal was approved by the voters at a special election on August 15, 1939, with voters of The Dalles approving and those of Dufur and Mosier dissenting. The state hydroelectric commission later declared the district created but excluded Dufur and Mosier. Defendants charged that the district was invalid because voters of Dufur and Mosier disapproved it.

Justice Hay said it might have been a good idea if the legislature had made a peoples utility district dependent on a majority vote of the whole district rather than let each parcel of territory decide whether it should be included. He added that the existing law is a concession to local autonomy.

The first negligent homicide appeal to the supreme court, involving the conviction of Howard Coffman, whose automobile collided with another car on the Mt. Hood loop highway, was upheld in an opinion by Justice Kelly, J. F. Cox, passenger in the second car, was killed.

Coffman's automobile was on the wrong side of the highway. A 1943 legislative session act added negligent homicide to the list of crimes.

Another opinion affirmed the manslaughter conviction of Ernest D. Sprague in Clackamas county. The opinion, by Justice Belt affirmed Circuit Judge Earl Latourette of Oregon City.

Sprague, his brother Ivan, and Warren and Elmer Duvaney, brothers, all were charged with first degree murder. All were accused of beating to death Bud Officer, owner of a slot machine concession in a beer parlor on the highway between Oregon City and Portland.

Ernest Sprague was convicted

## Wins Fame

FLIER—Maj. Gen. Roy S. Geiger, USMC (above), won fame as commanding general of the First Marine aircraft wing and senior aviation officer in the Guadalcanal area. His fliers played an important role in shoving back the Japs.

of manslaughter, his brother Ivan was acquitted, and the charges against the Mulvaney brothers were dropped.

## OPA to Amend Spud Regulations

WASHINGTON, April 27—(AP)—OPA will amend its potato regulations providing for carload lot distribution within a week or ten days, Senator McNary (R-Ore.) predicts. Meanwhile, growers may sell on an FOB basis if their shipping allowances are sufficient, he said.

Again we say...  
**PLEASE DON'T TRAVEL**  
unless absolutely necessary

Use the money to  
**BUY WAR BONDS**

Winning the war is the most important job confronting us today—far more important than taking a week-end or vacation trip.

Transportation is vital to this victory toward which we are now advancing. Because buses are already crowded with military traffic, war workers and others whose business is important to the nation's welfare, there is little room for vacation or pleasure travelers.

That's why we say "Please don't travel unless you absolutely have to." Refrain from unnecessary travel now and buy War Bonds with the money you would spend for your trip. It's the patriotic thing to do.

Go to your local bank today
