

FR's Coal Stand Rallies Market

Motors, Rails, Steel And Aircrafts Lead Afternoon Climb

NEW YORK, April 29-(AP)—The stock market rallied Thursday as the president announced a strong position on the coal labor dispute.

Motors, rails, steel and aircrafts led the revival which came after midday. Hesitancy ruled at the opening.

Profit cashing appeared on the opening but dealings quickened in the final hour and favorites finished at or near the day's best levels with gains of fractions to a point or so.

Allegedly common led the active sprinters, coming out in the last few minutes on blocks of 10,000 to 20,000 shares and finishing with a net advance of 1/4 at 49.2.

The Associated Press average of 60 stocks was up 1/4 of a point at 49.2, its first plus sign this week. The market was relatively broad, 899 individual issues being traded.

Of these 585 were up, 122 down and 192 unchanged. Transfers totalled 1,340,820 shares.

Earnings statements aided some climbers but did little for others. Bethlehem Steel ended up 3/4 at 64 1/2.

Stocks in the "new high" division included Studebaker, Southern Pacific, American Telephone, International Telephone, Pennsylvania Coal, Douglas Aircraft, United Aircraft and United Air Lines.

In front were US Steel, Chrysler, General Motors, Santa Fe, Montgomery Ward, International Harvester, Eastman Kodak and General Electric.

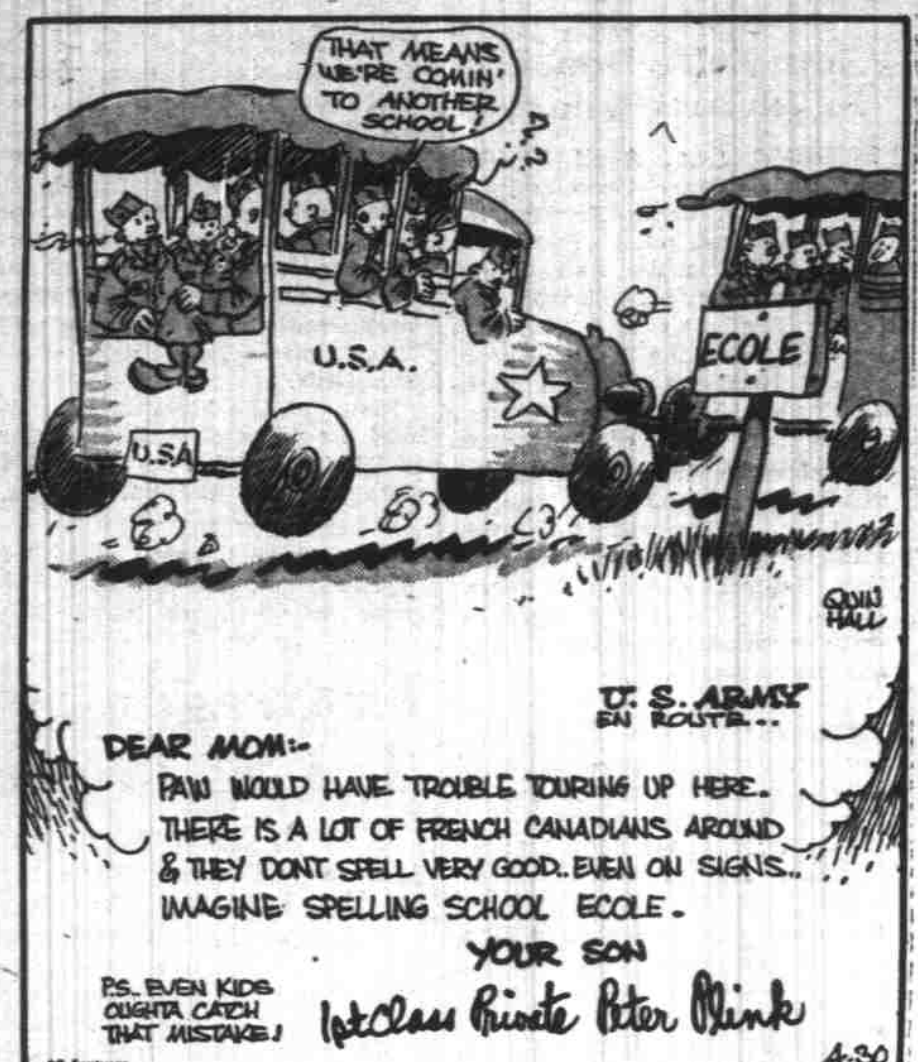

Sheep Fleeces Underweight, Clip Reveals

SCIO—Goat and sheep shearing is progressing in the Scio locality, insofar as weather permits. Fleeces this season are weighing considerably below the Willamette valley average of eight pounds apiece, due to severe weather and poor feeding conditions during the past winter.

Shearers are receiving 20 cents per head for their work, a fee five cents in advance of that paid for the 1942 clip. The current clip is under contract at about 46 cents per pound, the government to purchase all wool not contracted prior to April 24.

John Akin, "Mike" Bates, Charley Dolzard and Ard Westenhaven are among Scio shearers employed in the work.

Valley Wool Pool Of 800,000 Pounds Closes This Week

The largest accumulation of western Oregon-western Washington wools in the west, known as the valley pool of the Pacific Wool Growers aggregating nearly 800,000 pounds of 1942 wool, closed this week with the mailing of checks to some 1200 member shippers of the cooperative.

Four hundred fifty thousand pounds of this pool brought the growers 47¢ and 48¢ net, from which is deducted approximately 1/2¢ country freight. Extra choice valley wool, 38,481 pounds, net 50¢ a pound. Lambs wool brought 41¢ to 45 1/2¢. Less desirable clothing grades ranged from 46 1/2¢ down to 43¢.

This is the 22nd annual valley pool sold by the association. In addition to this accumulation, Pacific Wool Growers handles several million pounds of range and farm flock wools from Pacific coast states. The association maintains warehouses in Portland and San Francisco, Calif., and sales offices in Boston, Mass. It is a cooperative marketing association operating at actual cost for the benefit of its member shippers.

Grain Trade Is Apathetic

CHICAGO, April 29-(AP)—Wheat was up about 1/2 cent at one time Thursday, drawing support from mill buying, but prices eased in later trading and the close was slightly under Wednesday. After an initial outburst of activity, traders took a rather apathetic attitude.

Buying which came from houses with eastern connections gave rye a good raise at one time, most contracts selling nearly a cent over yesterday's finish, but the market eventually eased off with wheat. Most of the gains were lost. Oats lagged throughout the session.

At the close wheat was unchanged to 1/4 lower, May \$1.44, July \$1.43 1/2. Corn was unchanged at 50¢, May \$1.05, oats were unchanged to 1/4 lower and rye was unchanged to 1/4 higher.

Some of the early buying in wheat was based upon reports of increasing demand for flour in the southwest, a part of which was attributed to military camps in that area.

Rail Report Shows 1942 Record Year

In a year of record activity, the 1942 report of the department of rail transportation, made to Utilities Commissioner O. M. and R. Bean, ranges from participation in the opening of the Front street project in Portland to battles for lower rates on shipment of hay, grain, prunes and potatoes.

The big and continuing job of the year, however, was in helping the transportation companies in moving men, machines and supplies incident to the war.

The department has received and passed upon 22,010 pages of tariff schedules and 5139 amendments to existing schedules of commodity and passenger rates. Corrections were made in 3120 instances and fees paid in connection with the foregoing were \$1677 in excess of 1941.

Wool Office Open

PORTLAND, Ore., April 29-(AP) George C. Daley, new regional wool appraiser, opened offices here Wednesday for handling wool appraisals for government purchase of the 1943 clip.
