

PTA Changes Meeting Dates

Dallas Organization Votes Year Around Gatherings, New Day

DALLAS — The PTA met at the high school auditorium Monday night with Mrs. Ray Gohrke, vice president, presiding. At the business meeting, Mrs. William Domaschofsky reported on the PTA convention held in Portland. Two members of the Dallas association have been given places on the county council. Mrs. R. C. McKnight is the secretary and Mrs. H. A. Peterson is the recreation chairman. Members voted to change the date of meetings to the second Monday of the month and to meet the year around. Heretofore the meetings were held every two months. May 22 was the date set for the shoe exchange, but the place has not yet been selected.

Mrs. Ivan Warner presented material but the place has not yet been selected. Mrs. Ivan Warner presented material on children's hobbies as a community project. This is for the purpose of keeping children busy with profitable activities during spare time and vacations. This would be a long time project and would extend over the years. A second vice president and auditor were added to the list of officers.

Officers for the ensuing year are: President, Mrs. Raleigh Middleton; first vice president, Bruce Spudis; second vice president, Mrs. Ray Gohrke; secretary, Mrs. Genevieve Beharrell; treasurer, Mrs. Forest Holmes; Mrs. C. E. Phelps, auditor. Mrs. Phelps was installing officer.

A. V. Waters announced that there would be two more skating parties, May 14 and May 21 being the dates. He states that there was a possibility that skating for small children would be continued through the summer. Mrs. Connie Murry with helpers would supervise the parties. Mrs. H. A. Peterson, membership chairman, has secured 18 new members making a total membership of 98.

The speaker for the program, Frances Clinton, home demonstrator of Marion county, gave an interesting demonstration on home vegetable drying. Those who do not care for the canned spinach were intrigued with her plan to dry it as she stated that the spinach retained its color and flavor. The remainder of her discourse was given over to the discussion of means and methods of doing things about the home that will conserve time and materials. She urged women to learn to repair electrical appliances since electricians are not available now; to be able to repair mechanical devices that are in the home; to figure out short cuts that will save time in doing the home work. All these things she stated women are being called upon to do more now than ever before. One demonstration was how to mend the knee of an overall on the wrong side in 1 1/2 minutes.
