## **Closing Rally Boosts Stocks**

AP Average Up .3 At 51, Peak Since April 8, 1940

NEW YORK, May 25-(AP)-Stocks put on a selective last-minute rally in Tuesday's market with rail and industrial favorites taking the lead.

The list gave an irregularly downward and sluggish performance from the opening until the final hour. Short covering and moderate investment demand then oppeared and early losses were transformed into advances of fractions to 2 points for many issues. There were a few spreads of around 4. Losses, however, were well distributed at the finish.

The Associated Press average of 60 stocks was up .3 of a point at 51, a peak since April 8, 1940. Of 870 issues traded, 316 were higher, 317 lower and 237 unchanged. Transfers totaled 889,-620 shares against 789,775 the day before.

Included in the "new high" class were Union Pacific, Atlantic Coast Line, American Sugar Refining, and Sears Roebuck.

Well in front were Santa Fe. mon and Preferred (in response Cauliflower, crate to good earnings disclosure), In- Corn, doz, ears ternational Harvester, Du Pont, American Smelting, US Rubber, Goodrich, Republic Steel and United Aircraft.
