## Steels, Rails Lower Market

AP Composite Down .1 at 52; Rails Lose .3 for 26.5

NEW YORK, June 2-(AP)-Steels and rails led the stock market into lower ground Wednesday although a few prominent shares, chiefly motors, managed to hold their own or advance a bit.

Activity picked up around the halfway mark when plus signs were fairly well scattered, then tapered off.

Swelled by the midday flurry, transactions for the full session amounted to 1,310,490 shares against 1,259,600 Tuesday.

Off fractions to nearly a point at the close were such shares as US Steel Bethlehem, Santa Fe, New York Central, Great Northern Preferred, US Rubber, United Aircraft, Western Union and American Smelting. Westinghouse lost 2 in closing at 95.

Against the trend, gains of fractions to two points and new highs for the year were scored by General Motors, Chrysler, Montgomery Ward, Oliver Farm, American. Can and Johns-Manville.

It was a relatively broad market with 922 issued traded-with 622 unchanged or lower-against 900 Tuesday.

The rail component of the Associated Press lost .3 of a point at 26.5, while the 60-stock composite was off .1 at 52.

# To Small Rise

CHICAGO, June 2:-(AP)-After declining during the morning, grains rallied around noon Wednesday and closed with slight ad-At the close wheat was 1/2 low-

er to 1/2 higher, July \$1.44%-%; September \$1.44-\$1.43%, corn was unchanged, July \$1.05, oats were unchanged to % higher and rye finished unchanged to % higher. Some of the early liquidation of

wheat was believed to be hedging, apparently reflecting some selling of the bread cereal before harvesting of the new crop. Harvesting is already under way in Texas and should start in Oklahoma and Kansas within a few weeks.

The FDA reported the following purchases for lend-lease and military export during the week ended May 22: 10,640,000 pounds of cracked wheat; 8,995,500 pounds of semolina; 4,000,000 pounds of rolled barley; 840,000 pounds of rolled oats; 800,000 pounds of wheat bran and screenings; and 18,475 pounds of rye

Corn reports were mixed.

#### Marion Farm **Families Get** Certificates

Marion county farm families who have enlisted their farms for all-out production in the 1943 food for freedom drive will receive certificates of farm war service. The certificates are being

awarded to each farm family signing a 1943 farm plan for maximum war production, and are intended as a measure of recognition for the patriotic cooperation and willingness of farmers to undertake this year's production task despite the many difficulties. Signed by Secretary of Agri-

culture Claude R. Wickard and by W. M. Tate, as county war board chairman, the certificates are embellished with a red border and a superimposed "V" in blue. They are being awarded simultaneously to farm families all over the nation.

The awards are described by Secretary Wickard as a simple word of appreciation and encouragement to the fighting units of the food front—the nation's farm families. "On the long, hard work of these families, on their ingenulty in overcoming every handicap imposed by total war will depend to a considerable measure the outcome of this war," Wickard said.

#### Scales Service Men Available; Rumored **Shortage False**

All reputable scales companies have service men available in Oregon, the state department of agriculture has been advised. Officials cited this in answer to reports that word has been spread in some sections of the state that only one scale service and repair man is avalable for the entire

Department officials said also that a southern Oregon inspector a few days ago intercepted 51 100-pound sacks of potatoes that were short weight from 10 to 12 pounds per sack.
