After seven weeks of inten-

sive work, laboratory researchers

have discovered the reason why cer-

tain batches of Fletcher's Castoria

Methods of preventing a recurrence

of the trouble are now known and

No Fletcher's Castoria has been made

during this seven-week period, and

at its beginning the makers issued

a nationwide warning to consumers

and retailers not to use or sell the

product and to return all stocks for

The U. S. Food and Drug Adminis-

tration has been kept informed of

Q. What caused the trouble?

A. The sugar content of Fletcher's

Castoria was reduced to conserve

sugar under wartime conditions. A

year ago, Castoria was made with

this reduced sugar content and was up to standard in every respect. This

year, in March, we again started

However, at that time a chemical

production with reduced sugar.

all these developments.

manufacture is being resumed.

caused nausea.

Booths Set

WAAC information booths will be set up this week for those Carpenter, 1635 Roosevelt street, women who wish to consult local has reported to city police that officers about joining the women's reserve, Lt. Lilian Garrick announced Saturday. From noon to 3 o'clock the booths will be established in the following places: Monday, Ladd and Bush bank; Tuesday, Miller's; Wednesday, Penney's, and Thursday, Montgomery Wards.

Auxiliary Alyce Cline will be in charge of each booth. Informa-* from those who wish to enlist.

WHAT HAPPENED TO

FLETCHER'S CASTORIA

in the characteristics of the water

used in making Castoria. But this

change, in COMBINATION with the

reduced sugar, increased the degree

and rate of normal fermentation. The

more rapid fermentation retarded normal re-oxidation during the age-

ing process, resulting in a product

Q. Why didn't normal tests show

A. The changes which occurred were

so elusive that they could not be

detected by the regular testing pro-

cedures-procedures which had kept

Castoria a respected product for more than seventy-five years. In

fact, even after the nauseating effect was discovered in actual use, it took

weeks of laboratory research to iden-

tify the factors that were causing

Q. What are the makers doing

to prevent a recurrence of the

A. Now that the cause is known

procedures have been put in effect which will assure normal re-oxida-

that something was wrong?

which caused nausea.

the trouble.
