Because war work at home has become a very important part of the life of men and women who are not in the military and naval service, the editor of The Statesman Woman's department today begins a new daily feature which she thinks may interest readers. Daily a canteen calendar will be printed, showing what organizations are sharing in the work down at the USO center.

Honey Will Make Biscuits

Honey and nuts will make a fine flavored recipe when added to biscuit dough. WONEY NUT BISCUITS 1/2 cup chopped nuts 1/2 cup honey 2 tablespoons melted shortening 2 cups flour 4 teaspoons baking powder 1 teaspoon salt 4 tablespoons shortening 1/2 cup milk Mix nuts, honey and melted shortening; place in muffin pans. Sift together flour, baking powder, salt. Cut in fat. Stir in milk. Drop dough in muffin pans. Bake in hot oven (425 degrees) 12-15 minutes. Turn out while hot. Makes 10 biscuits.

The enriched flour program is now so widespread in this country that more than a half million pounds of niacin alone are required to add that vitamin to the white flour used in commercial and home baking. A more complete enrichment, including riboflavin, is to be started this summer, reports Dean Ava B. Milan, chairman of the Oregon state nutrition committee for defense.

Musicians Form Playground Band

A large number of band and orchestra players are enrolled in the summer playgrounds band and orchestra, included in the regular playground program where students who have never played a band or orchestra instrument may begin and those who have played before may continue the study of a musical instrument.

The band and orchestra program is under the direction of Vernon Wiscarsen, instrumental supervisor of the Salem schools. At present there are about 240 students enrolled in the summer bands and orchestras, the numbers varying because many players are picking in the student platoons and come to the evening practices when they cannot come to the morning groups.

The beginners class meets every morning, Monday through Friday from 9-10 and about 15 are registered in this group. Advanced grade school players meet daily from 10-11 a.m. and 50 are registered. Players of this group have played one or more years but are still in grade school.

Ten registered girl majorettes practice from 11-12 Tuesdays and Thursdays. Since many of the older students of junior high and high school age have regular jobs during the day the one-hour evening practices are arranged for their benefit. Monday 7:30 p.m. is for older students who wish to start on any band or orchestra instrument. Tuesday 8 p.m., for junior high and high school orchestra. Wednesday 8 p.m., junior high school band. Thursday 8-9, high school band. The evening practices start at 8 o'clock so any student who has worked during the day may go swimming in Olinger pool before coming to rehearsal.
