but they need **YOUR HELP**

IN TYPICAL AMERICAN FASHION, some people look upon our enemies with blazing hate . . . others have loved ones "out there" and with cold determination accept every opportunity to do their part toward keeping "the home team pitching." Still others, with tearless eyes and grim resolve have dedicated themselves to "getting even" in memory of someone who will never come back.

Such people are those in the volunteer Aircraft Warning Service, who may be living a few blocks away, or even your next door neighbors. Patriotic individuals who believe "it can happen here" and are making every effort to prevent it. **YOU TOO CAN BE A VITAL PART OF THIS VITAL AIRCRAFT WARNING SERVICE . . . right now** promise yourself you will either call the number below or go to the Civilian Defense Office tomorrow **TO SIGN UP.**

Warning Service . . .**
