Ill with sleeping sickness, the child was sent home from Children's Memorial hospital May 6 when it seemed nothing more could be done for him. Now, with eyes open at times and lips attempting to form a word, Jimmie's parents, Mr. and Mrs. Nell Wood, see slight but unmistakable improvement.

Silverton Council to Discuss Policing of Public Dances

SILVERTON — To dance or not to dance at the Knights of Pythias hall will be one of the questions which the Silverton city council will have to decide at its next meeting. A petition asking that the hall be closed to public dancing was presented to the city officials last Monday.

The petition signed by a number of local residents, some of them living several blocks from the hall, complained of noise, broken bottles and unsanitary street conditions following the dances.

Petitioners were Mr. and Mrs. Dan Geiser, Mr. and Mrs. Lloyd Kennedy, William Paris, Bessie Gregerson, Caroline Gregerson, F. E. Sylvester, Ida Doyle, Hannah Olson, Mary Andrews, Mr. and Mrs. C. J. Cooley, E. R. Ekman, Bess Jones, H. E. Roop, E. F. Loggibill, A. Huddleston, John Benson, Alvin C. Dickover, Blanche Howell, Mrs. M. E. Jones, Minnie Preston, Mr. and Mrs. M. J. Van Valkenburgh, Bertha Morley, J. H. Mosher and Peter Nelson.

The American Legion, the local cavalry and the labor union have been giving benefit dances at this hall for sometime. C. H. Dickerson of the Legion and Roy Davenport of the cavalry were both present at the Monday night meeting. They explained that they believed "the signers of the petitions had evidently not been attending the dances as these were quiet and well-conducted affairs." The arousing, these men explained, was on the streets and not in the dance hall. Proper policing, in their opinion, might do much to quiet the matter.

Mayor Reber Allen said that efforts for better policing would be made for the dances yet scheduled. He further explained that shortage of manpower on the police force was largely responsible for the lack of closer policing. The matter will be considered further at the next meeting of the council.

Discussion of controlling the places of dances under the zoning ordinance now being considered was also held.

Mr. Dickerson, in his appeal to the council, said that "young people will dance and I for one would rather have them dance under city supervised dances than to go out to some of the wayside dance halls where supervision was even more lacking."

At a motion by E. J. Boesch, the petition was tabled until a future meeting of the council. George Christensen seconded Mr. Boesch's motion.

Rain Washes Out Hop Poles

MT. ANGEL — Rain raised havoc for some of the hop men of this district. Reports Monday said that 50 acres were down on the ground in the Butte Orchards yards owned by Otto Wellman of Mt. Angel. A good part of Henry Humphert yard was down likewise. The hard rains of Saturday night and Sunday softened the ground so that even the anchor posts gave way.

Picking was resumed Monday with hops raised by means of jacks which the pickers found not at all inconvenient.

With practice, pickers are achieving more and more speed in the harvesting, the aim, of course, more and more wages. The fast pickers seem to now have little difficulty in making \$15 per day, and a day ending at 3 or 4 p.m. at that.

Taking little Jan Banks with them, they went to Weiser, Idaho, to spend the major part of their time with Mrs. J. M. Fisher, the mother of Mrs. McGrath. On the trip home from Idaho, they stopped to visit friends at their former home city, Baker, and spent a few days with Mr. and Mrs. Walter McGrath at North Powder. The little niece, Jan Banks, was met at the Dalles by her father, John Banks; and Mrs. McGrath and daughters completed the trip to Portland, where Mr. McGrath met them by automobile.

Mrs. William Garver and daughters Valena and Joan are spending a part of this week in Woodburn.
