

### Marion County War Chest Quota \$60,800

Marion county's quota in the Oregon War Chest campaign in October will be \$60,800, it became known Wednesday when Charles A. Sprague, president, announced quotas of all the counties making up the statewide quota of \$1,365,200. Of this amount \$235,844 will be allocated to seven major child-caring agencies in Oregon.

There are 17 member agencies of the National War Fund participating in this campaign. The state agencies are: Boy's and Girl's Aid society, Catholic Charities, Inc., Children's Farm Home, Oregon Protective society, Salvation Army, Volunteers of America and the Waverly Baby Home.

This budget was accepted by the board of directors of the Oregon War Chest at a meeting some time ago. It was recognized that various communities will add funds to the state allotment so that purely local agencies may receive help.

The Oregon War Chest quota committee has completed allocation of the state requirements to the various counties as follows: Baker county \$12,500, Benton \$19,400, Clackamas \$28,600, Clatsop \$26,500, Columbia \$14,500, Coos \$25,800, Crook \$45,000, Curry \$19,000, Deschutes \$17,000, Douglas \$15,200, Gilliam \$19,000, Grant \$39,000, Harney \$42,000, Hood River \$6,000, Jackson \$34,100, Jefferson \$2,000, Josephine \$9,100, Klamath \$35,200, Lake \$5,500, Lane \$61,100, Lincoln \$8,600, Linn \$25,400, Malheur \$3,000, Marion \$60,800, Morrow \$3,300, Multnomah \$77,700, Polk \$13,900, Sherman \$13,000, Tillamook \$12,500, Umatilla \$24,800, Union \$11,200, Wallowa \$4,300, Wasco \$10,300, Washington \$26,100, Wheeler \$21,000, Yamhill \$21,900.

### Support Price On Next Year's Hogs Reduced

WASHINGTON, Sept. 8.—(AP) The war food administration today announced a reduction of \$1.25 per hundred pounds in next year's farmer support price for hogs. Effective October 1, 1944, the cut is designed to bring livestock population into line with reduced feed supplies.

The support price for the period October 1, 1944, to March 31, 1945, will be \$12.50 per hundred pounds, Chicago basis, for good to choice butcher hogs weighing between 190 and 230 pounds.

This compares with the support price of \$13.75 for hogs weighing 200 to 270 pounds in effect until October 1, 1944.

The WFA said it was announcing this change in its support program at this time so that farmers might begin now to make plans for next year's farrowings. Pigs farrowed next spring will be sold under the lower support program.

The food agency said that it does not appear now that corn and other feed supplies will be adequate to maintain hog production at this year's record level. Hence the lower support price is expected to result in fewer pigs and in their marketing a higher weight.

The new support price will leave heavy hogs without a price support—a situation which could be expected to lead farmers to market hogs at much lighter weights than during the current season. Lighter hogs require, of course, less feed.
