

West Salem Schools Open On Monday

WEST SALEM — The West Salem schools opened Monday, September 20. Mrs. Emily Van Sannen, principal, has called a meeting at the school on Wednesday, September 22, at 10 o'clock, for the registration of all children of six years or coming six.

This invitation includes the new families who have moved into the community. The mothers especially are asked to attend this meeting. It is anticipated that there will be the largest registration in the history of the schools.

WEST SALEM — S. T. Jackson, 1174 Ruge street, contractor and builder, left Saturday for Weed, Calif., where he has secured a contract for rebuilding a saw mill that was recently destroyed by fire. He reports that he is able to take care of only a fraction of the calls for his service in building and repair work that have been coming in.

WEST SALEM — The Fred Kuhns of Gerth street have been busy for the past few days in renovating and reconditioning the house and grounds that they recently purchased on 19th street in Salem.

WEST SALEM — Rev. Walter Radke, Baptist pastor from North Dakota, delivered the Sunday morning sermon at the Mennonite church. The night program was presented by the Bible school with Frank Nickel as speaker. The visiting committee for convalescent homes will be Mr. and Mrs. Clarence Loewen, Mr. and Mrs. Harold Darksen, Don Guenther and Arnold Wuerch.

Scio Schools Open Monday

SCIO — Fully staffed, the Scio schools will open September 20, a week later than usual, under conditions promising a successful academic year, in the opinion of the local board of education. E. G. Rickard, who has instructed in high school at Lebanon during the last two years, will be principal here and will be assisted by three other instructors.

The grades also will have four teachers. The school plant has been improved during the 1943 intermission in the matter of a heating system, and a new composition roof is being placed on the gymnasium. Frank Sommer again is custodian of the buildings and grounds, having been re-elected last spring.

Mrs. P. W. Schrank is board director chairman and K. J. Purdy and W. H. Dennison are the other members. Mrs. Frank Bartu is district clerk, having been appointed some months ago to succeed Mrs. F. T. Bilyeu, resigned.

DeSart Hop Harvest Ends Early Saturday

SWEGLE — Hop picking at the R. D. DeSart ranch was finished Saturday morning and pickers paid off before noon. The owners report an even better crop than they had planned on as there was no rain while the crop was being picked. Mr. and Mrs. DeSart were able to prepare only 20 acres for picking this fall as they had very little help in training the vines. They have had as much as 45 acres in hops and some of their fields are 32 years old. There is a small yard known as the Swartz ranch, which was not taken care of this year but has had hops grown there for 42 years.

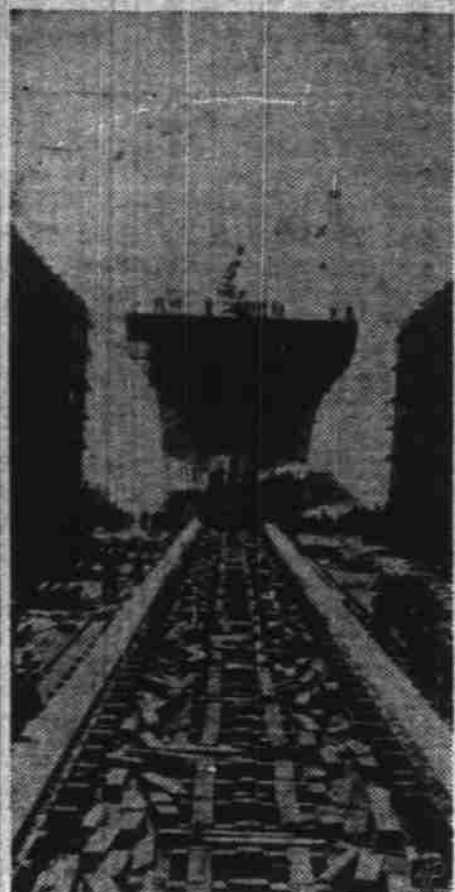

C. Nolan, who lived in the DeSart home several years but now is employed at war work in Portland, took his vacation by coming down and being weigh master for the harvest, returning to his Portland work Saturday night.

Several men from the state hospital helped in the picking and their help was much appreciated as most of them were expert pickers.

SILVERTON — Mrs. Fay Bragg and son, Colin, will leave this week for Palm Springs, Calif., to spend the winter. Mrs. Bragg has been suffering from neuritis and it is expected that the change might be of help to her.

Prune Growers' Crop Spoils For Labor Lack

SILVERTON — The oft repeated expression this autumn that "the prune growers are sure in the money this fall" is just so much bunk, according to Silvertown prune growers.

The crop is good, the price is good, the demand is good, but one item has been overlooked, they report. The little item of labor. Labor in the fields, but particularly in the canneries, the growers say. The canneries want the prunes but cannot take care of them. One grower reports that he has 40 tons of the finest prunes he ever saw on trees, but outside of about five tons, the prunes will have to remain on the trees. The canner-

ies cannot handle them. Another local grower says he has 75 tons of prunes but because of inability of the canners to handle them, only about seven tons will be saved.

Silvertown's own cannery is running on about a 30 per cent labor shift. Word comes here that Salem and Woodburn canneries are in the same fix.

Carnival Worker Returns to Silvertown

SILVERTON — Elery Simonson, who has been with a carnival company this past summer, has returned to Silvertown for the present.

GET WHAT YOU PAY FOR

IS THIS ALL THE ORANGE JUICE WE GET, IRENE?

SEE, YOU'RE STINGY WITH ME, TOO—HARDLY ANY IN MY GLASS.

...AND HE HAD ONLY ONE KIND OF ORANGES LEFT. THEY LOOKED NICE AND BIG, AND A DOZEN COST QUITE A LOT. I THOUGHT THEY'D BE JUICY.

WE HAD SOME OF THE WORST ORANGES THIS MORNING, NELLIE. THEY LOOKED FINE, BUT THERE WAS HARDLY ANY JUICE IN THEM.

...AND OF COURSE IT'S THE WEIGHT OF AN ORANGE THAT SHOWS HOW MUCH JUICE THERE IS IN IT. BIG, LIGHTWEIGHT ORANGES SIMPLY HAVE MORE PULP AND LESS JUICE.

THAT'S OOD, IRENE. I GOT SOME YESTERDAY, TOO, AND THEY WERE JUST HEAVY WITH JUICE! AT SAFEWAY, YOU KNOW, THEY SELL THEM BY WEIGHT.

THAT SOUNDS LIKE THE WAY TO BUY ORANGES! I THINK I'LL TRY SAFEWAY NEXT TIME.

At Safeway, You Pay For Exactly What You Get!

Pricing produce by the pound has been a Safeway habit for years. Here, you select the individual items you want, pay for them by weight, and know you've gotten what you paid for!
