Good War News Spurs Market; Traders Look For Upturn

By BERNARD S. O'HARA NEW YORK, Sept. 24-(AP)-Selected stocks got back on their feet in today's market although stumblers still were plentiful.

Continued optimistic war news was a mild stimulant. Many customers, however, remained in neutral territory pending more important foreign developments. Some bidding was attributed to the belief the list was in a stronger technical position as a result of the three-session decline.

The Associated Press 60-stock average was unchanged at 51. The market again lacked breadth. Of 811 individual issues traded, 297 were up. 292 down and 222 unchanged. Transfers of 641,840 shares compared with 667,330 Thursday.

Among favorites, Alleghany Preferred and Engineers Public Service common edged into new high ground for 1943. Senior stocks in front also were those of Electric Power & Light and United Corp. Modest improvement lehem, General Motors, Santa Fe, NY Central, Southern Pacific, Portland Produce Goodrich, International Harvester, American Telephone, Du Pont, Eastman Kodak, Westing-

Wheat Strength Brings Buying Into Oats, Rye For Fractional Gains

By WILLIAM FERRIS CHICAGO, Sept. 24-(AP)-A firm undertone prevailed in wheat today, the market drawing support from buying by commercial interests. This was believed to represent distillery purchases. The bread cereal strength brought buying into oats and rye, which advanced fractionally.

Oats were helped by a strong cash market. A car of oats, grading No. 1 white heavy, sold at 84 cents a bushel in the cash trade. Dealers said this was the highmarket since 1923. At the close wheat was 1/8-3/4

Harvesting of spring wheat in the northwest was reported as nearing completion under favorable weather conditions. In the Canadian prairie provinces, output was described as satisfactory despite widespread frosts recently. Weather has become more favorable for seeding winter wheat in the southwest.
