Mayes Donates Pay From Produce To Kit Bag Fund

WOODBURN — The Woodburn unit of the Red Cross has made a monthly report of volunteer work in knitting, sewing, and contributions for September. Women taking yarn to knit are Mrs. Ben Reeser, Mrs. Janet Zimmerman, Mrs. Ray Baker, Mrs. W. L. Short, Mrs. E. O. Brown and Miss Mabel Livesey. There is still yarn on hand to make army, navy, marine and air corps garments, watch caps, helmets, V-necked sleeveless sweaters and gloves. Volunteers may get yarn from Mrs. Kenneth McGrath, at Second and Hayes streets.

In Red Cross sewing, 167 articles were made during the month of September by the following workers: Eileen Armstrong, Jeanette Nims, Mrs. Carrie Boncher, Mrs. James Oakes, Mrs. Maud Black, Mrs. Mike Perd, Mrs. E. Pethow, Mrs. Pat McLaughlin, Mrs. Bert Byers, Mrs. Carl Huber, Mrs. Burt Willeford, Mrs. Alice Glatt, Hildegarde Dierkhisling, Mrs. Fay Dow, St. Mary's Episcopal Guild, Mrs. Nettie Zimmerman, Mrs. Lyman Shorey, Mrs. Fred Evenden.

Volunteers are still needed to sew during October to make 100 hot-water bottle covers, and 175 bed pan covers for use in the hospitals ministering to wounded servicemen. There are still 100 kit bags to be made and some refugee sewing such as snow suits for children, and blouses.

Materials and instructions may be obtained at the Red Cross rooms in the basement of the city hall, which is open every Friday afternoon, with Mrs. Lyman Shorey in charge. On days other than Friday, those wishing sewing material may get it by phoning or leaving a request with Mrs. Fred Evenden at the Evenden drug store. She does not have the material on hand, but is able to secure it and have it ready for workers when they call for it.

Contributions were made to the kit-bag fund by Mrs. P. G. Vickers, Mrs. W. D. Simmons, Mrs. R. Guis, Mrs. Tracy Poorman, and by Perry Mayes, who, having a boy in the service, devoted the entire proceeds of one load of cucumbers to the kit-bag fund. This is an important fund, and the service it provided for the men as they are sent out to duty is one that is greatly appreciated. Contributions are always welcomed.

Air Warning Service Lasts To October 16

LIBERTY — There is widespread misunderstanding of the announcement of the curtailment of the civilian aircraft warning service. The service is not ceasing at this time but will continue on full 24-hour schedule as it has been up until October 16, at 6 p.m. Until then all observers must report for their regular shifts.

On October 16, this post and others in the system, will go on "alert" status subject to call for operation at any time. The post must be in operation 20 minutes after a signal for alert comes to the Portland aircraft warning headquarters.

When such alert signal reaches Portland, immediately a call will come through to one of three persons, or all three should one be away, the chief observer, Mrs. Jessie Williams, or assistant chief observer, Mrs. C. W. Stacey, or another assistant. This contacted person will call upon two of a list of 16 persons on active duty who will be listed as willing to serve for the emergencies.

The plan is to have practice alerts from time to time, or for other reasons such as the army may want to follow the course of a special flight of bombers and will be able to do so by calling an alert to have the observation posts manned.

The reason given by the army for the relaxation is that civilian volunteers who have worked as ground observers in the aircraft
