Favorites Wind Up 1 to 7 Points Ahead At 1943 Peak Levels

By BERNARD S. O'HARA NEW YORK, Oct. 26 (AP)—Selected stocks swung upward behind liquor specialties in today's market and, despite interruption of business toward the finish by an air raid drill alarm throughout New York City, a number of favorites finished up 1 to 7 points at peak levels for 1943.

Trading was suspended in the final half hour when the sirens sounded but, for the first time in the memory of veteran members, the exchange governors decided to extend the session beyond the usual 3 p.m. closing. Dealings, consequently, were resumed at 3:20 p.m. and halted at 3:40 p.m. while the pace slowed appreciably toward the last, early activity put volume at the best in more than a month.

The Associated Press average of 60 stocks was up 3 of a point at 50.9. Transfers totalled 895,870 shares compared with 651,370 Monday.

US Steel held a plus mark of 1/4 and, after the extended close, directors voted another \$1 dividend and revealed net for the third quarter of \$1.48 a share against \$1.08 in the June period.

J. I. Case jumped 4 1/2 to 130 3/4 at a new top for the year in the wake of approval by directors of a 4-for-1 split of the stock.

Others in the new high division included American Distilling, Distillers Corp.—Seagrams National Distillers, Schenley, Hiram Walker, Standard Brands, Western Union and Postal Telegraph. Others in front were Santa Fe, Southern Pacific, Southern Railway, Bethlehem, Du Pont, Texas Co., Anaconda, Allied Chemical and Eastman Kodak.

Chrysler slipped, along with American Telephone, Douglas Aircraft, United Aircraft, Dow Chemical and American Smelting.

Grains Rise, Except Barley

Wheat Leads Upturn Attributed to Large Demand of Distillers

By WILLARD ROBERTSON CHICAGO, Oct. 26 (AP)—Most grain futures showed minor gains today, but barley was unable to get into the spirit of the movement.

Wheat, stimulated by good cash demand generally attributed to distillers, led the upturn. Tending to restrict some interests was uncertainty over pending Washington developments, and reports in the trade that industry had proposed impounding a percentage of various crops for industrial purposes.

Wheat closed 1/4 to 3/4 up, December \$1.54 1/4, May \$1.53 1/4, rye was unchanged to 3/4 higher, December \$1.13 1/2, oats were 1/4 lower to 3/4 higher, and barley was down 3/4 to 1/2.

Discouraging to some oats and barley traders were continued rumors that ceilings might be placed on these grains soon, as well as reports of expanded marketing of new crop corn. Corn bookings to arrive in Chicago totaled 305,000 bushels.

Cash wheat handlers reported a better inquiry from distillers and suggested that about 200,000 bushels had been sold today and yesterday.

Donors Needed At Woodburn

WOODBURN—Donors still are needed for the mobile blood bank scheduled for October 29 at the Woodburn high school gymnasium. By Monday night, 133 had registered, and the assignments for the hours 9:30 to 11:30 were all taken.

There is still room for four donors between 11:30 and 12 noon; for seven donors between 12 and 12:30 and six donors between 12:30 and 1 p.m. The bank must be closed at 1:30 so that the blood can be taken to Portland in time to make plane connection with San Francisco, where it will be processed.

It is important that the donor eat nothing containing fat for at least six hours before giving blood, because fat in the blood stream makes it worthless for use in the bank. This means no cream, no bacon, no butter or butter substitute for breakfast.

Registration will continue at the Evenden drug store until Thursday night and is open to those between the ages of 18 and 60. Youths under 21 must have the written consent of their parents. Although this is the first time the bank has come to Woodburn, several who have signed have given
