A Break for the Editor . . .

By MAXINE BUREN Woman's Editor

When word came that Helen B. Anthony will conduct a series of five public relations classes at the YWCA beginning November 16 the editor of these pages felt a load lifted from her tired shoulders. For years we have been trying to teach both newly appointed and seasoned club publicity chairmen a few simple but steadfast rules. We think Mrs. Anthony will go farther, and will teach the reason behind these rules.

Each organization in the city expecting publicity, both men and women, should enroll in the classes, for which there is a very small fee. Some organizations, fearing that the classes may be limited, have already enrolled.

Many publicity chairmen do a fine job, bringing in readable copy, promptly. But many more take it as an unpleasant task, and the editor go hang. This will be a break for the editors.

Let's look at the subjects chosen by Mrs. Anthony for discussion during the five classes.

"Perosnality of publicity committees." Certainly of paramount importance toward gaining the goodwill of the newspapers.

"Types of projects to publicize." Herein lies the second most important part of club publicity. Knowing what is of general interest, and weeding out the business which concerns only club members.

"Reporters are people." The teacher will impress her pupils that newspaper people have deadlines to make, meals to eat and other work to do than rewriting club stories.

"Preparation of news stories." This should be a valuable discussion, for there may be only a few slips between a good and a poor story.

"Don'ts in publicity." And this in itself is one, no negative suggestion please, but there are many items to cover here.

"Golden rule applied to public relations." Mrs. Anthony will say that chairmen should put themselves in the readers as well as the editor's place. Publicity is likely to be good when this is successfully done.

Mrs. Anthony promises other subjects for discussion, including the technique of radio publicity and script writing.

Not only is Mrs. Anthony to be thanked, but the YWCA as well, for this is a public service feature of that organization which daily becomes a more important factor in the life of the city.
