Supreme Court Finds Bond Will Invalid

The will of the late Ellen Elizabeth Bond was invalidated when she altered it by crossing out several sections and cutting out others with scissors, the Oregon supreme court ruled Tuesday, affirming a decree of Circuit Judge George Taswell of Multnomah county. As a result of the court decision, seven cousins of Miss Bond will inherit the greater part of the \$100,000 estate, which she originally willed to charity.

Suit to set aside the will was filed by Wallis B. Williams and the six other cousins against the Presbytery of Portland, which would have received the largest share of the estate had the will been held valid by the courts. The cousins contended that Miss Bond, who made the will in 1913, was mentally ill in 1938 when she changed the will. She died April 26, 1940.

The supreme court opinion was written by Chief Justice J. O. Bailey.

Other decisions: Clark D. Lovell, guardian of Mark D. Lovell, appellant, vs. school district No. 13, Coos county. Appeal from Coos county. Suit to recover damages for personal injury. Opinion by Justice Harry Belt. Judge Dal M. King, affirmed.

THE WAVES DEPEND ON GREYHOUND

Greyhound serves the WAVES with vital transportation to and from the many bases where they are on duty. In addition, a large proportion of other service men and women travel by bus to training centers, embarkation points and on leave, and many buses are used exclusively to serve military camps. This diverts buses from civilian service; however, we are making every effort to take care of the traveling public under these difficult conditions, and greatly appreciate your cooperation.
