# Wheat Reaches "Strictly Private" Seasonal Peak

Oats, Barley, Rye Rise; Bad Weather Harms Prospects

By WILLIAM FERRIS CHICAGO, Dec. 1-(AP)-Wheat displayed a firm undertone today on mill buying, an advance of a cent in national farm parity and more unfavorable crop reports from the southwest. Both the December and May contracts moved to new seasonal peaks.

The strength in wheat was reflected in gains for oats, barley and rye despite reports oats and barley prices might soon be "frozen" until permanent ceilings are announced.

At the close wheat was %-1% higher, December \$1.64%-%, oats were up 1/8-1 cent, December 771/2, rye was ahead 3/4-7/8, December \$1.16%-1/2, and barley was 1/4-% higher, December \$1.17%.

Although mill buying was only moderate in today's market, many traders expected it would expand considerably now that flour subsidies are in operation.

Parity of wheat on the farm was raised to \$1.48, as of Nov. 15, from \$1.47 a month earlier. Traders said this advance was of some significance inasmuch as hard

## **Parents Blamed** For Delinquency, Senate Hearing

WASHINGTON, Dec. 1 -(AP) headed by famed Father E. J. 5.50; 1st, 2.35-2.40; No. 2, 1.75 crate. A corps of child guidance experts Flanagan of Boys Town today 2 25 blamed parents for the mounting misdeeds of their offspring.

Parental neglect is the chief cause of a fact-increasing wave of juvenile delinquency, Flanagan told a special senate subcommit-

"Let's keep the mother in the kitchen where she belongs," urged Father Flanagan, founder and director of the nationally-known home for boys near Omaha, Neb.

"The present war is being fought primarily for future generations, and it would be a hollow victory indeed if we were to sacrifice our bunches. children in the process of winning it," he declared.

"A mother renders more invaluable service to her country right in the home, than the most skilled riveter or machinist could ever contribute!

## **Subsidy Held** Wage Boost, Inflationary

WASHINGTON, Dec. 1, -(AP) Farm organization spokesmen denounced food, price subsidies today as a disguised, inflationary and unjustified wage increase for labor, and as a brake on the farm production they are designed to encourage.

The farm leaders, Edward A. O'Neal, president of the American Farm Bureau Federation, and Albert S. Goss, master of the national grange, presented their demands The prices below supplied by a 10- for an end to the price cutting paycal grocer are indicative of the daily market prices paid to growers by Sa-ments before the senate banking Almost coincidental with their

testimony, the broadest consumer price program yet adopted was implemented with the announcement that the Defense Supplies corporation will begin tomorrow payment of miller subsidies on wheat to hold down the price of bread. The cost is estimated at "No more than \$9,000,000 a month." Goss, appearing before the com-

mittee in person, urged congress to open the way for "increased production" on farms by letting prices rise. "Food will hold down prices-

not law," he said.

Goss, countering administration arguments for the \$800,000,000-ayear subsidy program, contended that the way to take off inflation pressure is to let farm prices keep pace with demand and siphon off excess cash through taxes.

## Kaiser Testifies, **Brewster Hearing**

WASHINGTON, Nov. 30-(AP)-A house naval sub-committee completed tonight its public investigation of the Brewster Aeronautical corporation's plane production problems after hearing Henry J. Kaiser pledge to push the company's output of navy fighters to 150 a month.

The committee will make public its findings late next week, and upon its decision may hinge the question of whether the navy will cancel its contracts with Brewster and attempt to recoup the millions it has loaned the company.
