The Associated Press 60-stock average, with the aid of a handful of high-priced components, was up .2 of a point at 48, its third successive comeback. Of 830 issues traded, 356 were advanced, 246 down and 228 unchanged. Transfers totalled 557,870 shares, compared with 715,280 the day

Santa Fe retained improvement of 34 of a point as forecasts were made of continued heavy transcontinental shipments for the conflict with Japan, even if Germany folds overnight. Power company shares had the benefit of tax hopes Portland Produce and proposed recapitalizations for subsidiaries.
