Stocks Move **Shade Higher**

Gains Limited To Fractions; Liquors Raise

By BERNARD S. O'HARA NEW YORK, Jan. 22-(AP)-The stock market today was a shade higher on balance after a week devoted almost entirely to buying of rails and specialties.

While advances were limited to small fractions generally in the short Saturday session, there were a few liquor gains of a point or so. Plus marks were well distributed at the close but numerous issues were a shade lower or without any variation at all.

The share division held to a narrow area throughout the 6day stretch. Earnings, actual and prospective, spurred individual stocks. The transportation section seemingly was buoyed by the wage settlement, return of the roads to private ownerships and the outlook for heavy traffic even if the European conflict should end suddenly. Helpful also was the thought that the big payroll boost would be partly offset by relief from excess profits taxes.

The Associated Press 60-stock average was up .1 of a point at 51, a peak since October 28, and on the week showed a net in- East Side Market crease of .2. The rail composite

Rye Shows Biggest Losses; Oats, **Barley Unchanged**

By WILLIAM FERRIS CHICAGO, Jan. 22-(A)-Grains tended to ease in a dull market today, commission house selling sending rye down for the largest losses. Most traders remained on the sidelines in view of the weekend holiday and the new allied invasion of Italy. Weather was clear in most sections of the wheat belt. At the start wheat displayed

a little strength, traders expressing disappointment that offerings of the cash grain in the past few days were not as large as expected. However, the bread cereal turned lower when selling developed in rye. Oats and barley were little changed.

At the close wheat was unchanged to % lower. May \$1.70%. oats were 1/8-1/4 lower, May 7814. rye was down 14-14, May \$1.291/6-1/4, and barley was 1/2 higher, September \$1.19.
