

National President to Attend Farmers Union Convention Here

James G. Patton, national president of the Farmers' Union, and Gladys Talbot Edwards, educational director, will arrive in Salem Tuesday to attend the annual convention of the Oregon Farmers' Union which will be held in the Veterans of Foreign Wars hall February 22 to 25.

This is Patton's second trip to Oregon as national president. He attended the 1941 convention. Having been in the news headlines quite frequently the past two years, he will be listened to with interest not only by the farmers but the public in general.

Mrs. Edwards, a native of North Dakota, has been prominent in junior and educational work in that state and also in the national organization. Mrs. Edwards, a member of the well known Talbot family, is highly spoken of by many mid-westerners who have settled in Oregon.

The convention proper will get underway Tuesday morning under the direction of Ammon Grice, state president, and Mrs. Rae Smart, secretary-treasurer of

the Oregon Farmers Educational and Cooperative union.

The annual meeting of the state Cooperative association will be held Tuesday afternoon with Chester Wohler in the chair.

Patton will speak Wednesday morning and the regular meeting of the junior organization will be held in the afternoon followed by the junior banquet in the Veterans hall at 6 o'clock.

Thursday will be given over to action on a number of resolutions as well as mapping out a program for the coming year. The annual banquet will be held in the Salem high school at 6:30 Thursday night with Patton and Mrs. Edwards as speakers. The sale of tickets will be to the membership until Wednesday

morning when tickets will be available to the public. Friday will bring final action on resolutions and election of officers for the coming year.

Woodburn Seeks 180 Blood Donors

WOODBURN — Registration of blood donors March 31 in Woodburn is under way. This is the second time for the mobile unit to come to Woodburn, although several carloads of donors went to Salem in January to donate.

The November registration for Woodburn was 150 and this time 180 registrants are desired. A donor must be 21 years of age, except in the case of boys between 18 and 20 who must have the written consent of parents. Girls under 21 cannot be accepted as donors.

Arrangements for the place are not yet complete. It is important however that registrations be made early to insure a proper assignment of time and to secure a sufficient number of donors. Registration headquarters are at the Evenden drug store, corner of Front and Hayes.

British Smokers Urged Not to Worry About Cigarettes

LONDON, Feb. 19.—(AP)—British smokers, who pay 50 cents for a pack of 20 cigarettes, were told today they don't have to worry about any reports that cigarettes and tobacco might be rationed in the United States.

Britain is reported to have a sufficient supply of tobacco for months to come, and smokers are urged not to rush their shops because of rumors of rationing.

(In Washington, the War Food administration said it is unlikely there will be any tightening of tobacco allocations to United States manufacturers which have been in effect for the past two years, and the exports to Britain this year will be as large as in 1942 and '43.)
