Grain Market Tone Steady

CHICAGO, March 4-(AP)-Grains moved within a narrow range in a quiet trade today, but the undertone of the market was steady. Most of the activity was provided by local professionals and consisted of evening-up transactions for the week end.

At one time rye spurted for gains of major fractions, but this upturn was lost quickly. Many grainmen still believe an outlet for rye will be found in industrial alcohol production.

At the close wheat was 1/83/8 higher than yesterday's finish, May \$1.71, oats were 14-% higher, May 80%, and rye was unchanged, May \$1.28-\$1.281/6. There was no trading in barley.

Good moisture was received over a large part of the midwest, improving the outlook for the winter wheat crop. However, it tended to slow down the offerings of corn from the country. Bookings were placed at about 6000 bushels.

Market Closes Quiet Week

NEW YORK, March 4-(A)-The stock market today finished an uneventful week with scattered liquors and specialties performing on the upside while the general run of leaders did little or nothing.
