At mid-afternoon the crate was opened, and the swan walked uncertainly from its cage, slid slowly down the bank to Silver creek, rocked uncertainly for a moment on the water, and then floated majestically down toward the Silver creek dam. Silverton officials are hoping to obtain another swan to keep this one company, they state. The bird seems perfectly at home on Silver creek, and spent the afternoon floating from the dam to the park and back port. again, making it difficult for city hall employes and patrons of the Finnicum Family library to keep their attention or their work and books.
