## Neuner Will File Appeal

The State Industrial Accident Commission Thursday directed attorney general George Neuner to appeal to the state Supreme court from the recent opinion of circuit Judge George R. Duncan, Marion county, holding unconstitutional parts of the 1943 legislative act assessing employers for operation of a workers accident prevention division.

Neuner indicated that he would file notice of appeal within the next ten days both in the Circuit and Supreme courts.

Duncan held that it was discriminatory and unconstitutional to exempt employers under the workmen's compensation law from the accident prevention division assessments and assess those employers who had elected not to come under the provisions of the 1943 act.

## Pipe Contract Is Awarded

### Silverton Body Gives Seattle Firm Order For 2.2 Mile Line

SILVERTON—Purchase of 2.2 miles of 14-inch wooden pipe at approximately \$16,870 was authorized Wednesday night at a special meeting of the city council. The bid was awarded to the Federal Pipe and Tank company of Seattle, and will be delivered in 30 days.

The contract to be made out by the Portland engineers, in the employ of the city, will call for the untreated pipe to be creosoted on the outside. Mayor Reber Allen and City Manager Harry C. McCrae were authorized to sign the contract. The manager was also authorized by the city council to draw up specifications for trenching and to advertise for bids for this. The actual laying of the pipe will be done under the supervision of the manager and T. L. Blust, city water superintendent, who was present at the Wednesday night meeting.

State industrial accident commission vs. Jesse Bye Maden; execution returned unsatisfied.

## School Fund Petitions Will Go Out Soon

Circulation of petitions for the proposed constitutional amendment setting up a state fund for the support of Oregon schools will get under way within the next few days, school officials announced here Thursday.

The ballot title for the measure was accepted by the secretary of state late Wednesday.

The fund will be based on not

less than 45 cents per child per day for average school attendance. Sponsors of the amendment said this would raise approximately \$12,000,000 annually of which \$8,000,000 would be applied to reduce property levies in the school districts. Taxes levied or imposed for the fund would not be subject to the six per cent constitutional tax limitation.

The proposed amendment was filed by the Oregon State Teachers association and will appear on the ballot at the November election.

The state fund for schools would be in addition to the common school fund.

## Covered Payrolls Show Big Drop

Covered payrolls in Oregon for March, 1944, aggregated \$40,728,058, a drop of nearly \$3,000,000 from the \$43,509,059 payroll for March a year ago, the State Industrial Accident Commission reported Thursday.

The February, 1944, payroll for the state was \$47,158,247. The Multnomah county covered payroll for March of this year was \$28,096,956 as against \$34,093,774 for February and \$32,481,540 for March, 1943.

*In these critical times it's especially important to make your home CLOROX-CLEAN ... for Greater Health Protection!*

**Health Authorities urge sanitary house cleaning**  
 Infection Dangers Spread Easily

**WHY TAKE CHANCES!**  
 "When it's CLOROX-CLEAN it's hygienically clean!"  
 Fewer Civilian Doctors and Nurses

**America Must Keep Workers Healthy**  
 health authorities are urging housewives throughout the nation to maintain high standards of home sanitation. Clorox used in routine cleaning makes household "danger zones" hygienically clean.

Your Kitchen can be one of the main sources of possible infection unless made hygienically clean. It's easy to combat kitchen germ dangers with Clorox... it disinfects, deodorizes and removes stains from dishes, glassware, tile, enamel, linoleum, wood surfaces. Clorox also bleaches and removes stains from dishcloths... makes them fresh-smelling, sanitary.

In the Bathroom where millions of germs may cling to seemingly clean surfaces, Clorox-Cleanliness is important, too. Make it a regular habit to disinfect with Clorox in routine cleaning of washbasins, bathtubs, toilets, floors, tile, enamel and woodwork. And Clorox makes your bathroom spick-and-span... for it removes stains and brightens surfaces.

And in Laundering, sanitation is vitally important as an added safeguard to health. Clorox used in laundering makes white and color-fast cottons and linens hygienically clean. It gently bleaches white cottons and linens (brightens fast colors), removes stains, scorch, mildew. Clorox also lessens rubbing, thus conserving your hard-to-replace linens.

Remember, when you buy Clorox, you get the same full strength, same high quality for your money, today as always. Clorox is ultra-refined, free from caustic... an exclusive, patented quality-feature. Clorox is efficient and extra-gentle in use. Simply follow directions on label. There is only one Clorox, always ask for it by name.
