## Col. Hazeltine Receives Merit Legion Medal

**PRESIDIO OF SAN FRANCISCO**, April 27—At an informal ceremony held at the Presidio of San Francisco on April 22, a Legion of Merit was awarded to Col. Caryl R. Hazeltine of Carmel, Calif. The presentation was made by Col. George Munteanu, commanding officer of the Presidio.

The citation accompanying the award to Col. Hazeltine, who is a member of the general staff corps, reads as follows: "For exceptionally meritorious conduct in the performance of outstanding service from 3, September, 1942 to 1, May, 1943 as director of supply of the northwest service command. His effort and vigor made possible a far-flung supply system, bringing essential needs to men stationed in isolated and remote areas. His tact, skill and understanding constantly made themselves manifest in dealings and relationship with the Dominion of Canada. He insured the maximum use of all available facilities. His qualities of leadership were inspiring. He performed a challenging task with efficiency, success and fidelity."

## Dewey Urges Solid Relations With 3 Allies

**NEW YORK**, April 27—(P) Gov. Thomas E. Dewey declared tonight the United States, Great Britain, China and Russia must maintain "solid relations" to solve the postwar problems. "No initial measures against Germany and Japan, however drastic, will have permanent value unless they fall within the setting of a durable cohesion between Great Britain and ourselves, together, I hope, with Russia and China," Dewey said in an address prepared for members of the American Newspaper Publishers association. The New York governor, en-

dorsed in several state primaries for the republican nomination for president despite his disavowal of candidacy, spoke at a bureau of advertising dinner which concluded the publishers' three-day convention. Eric A. Johnston, president of the United States chamber of commerce, and Rear Admiral Aaron S. Merrill, Pacific veteran who soon will become director of navy public relations, also were speakers. Dewey, cautioning against a repetition of the mistakes of the last war, said that a structure of peace, built through international cooperation and "backed by adequate force to prevent future wars," was one of three objectives of a foreign policy upon which, he said, there was "overwhelming agreement" among American people.

He said the other objectives were: "To carry on the war to total crushing victory, and in so doing to drive home to the aggressor nations a lesson that will never be forgotten; "To establish and maintain in our relations with other nations conditions calculated to promote world-wide economic stability not only for the sake of the world, but also to the end that our own people may enjoy a high level of employment in an increasingly prosperous world." A long background of friendly working relations between the United States, Great Britain and China "will make easy their continuation," Dewey said, but he asserted that "if after this war we relapse into the old suspicions (regarding Russia), the future is indeed dark."

William G. Hardy has been designated to represent the Salem chamber. The case is important to Salem because of a connection at Bend with the Hamman Stage Line from this city. The North Santiam route, by way of Bend, would reduce the distance between Salem and Salt Lake City approximately 79 miles.

Other Oregon cities interested in the hearing are Burns, Juntura, Harper, Vale and Nyassa.
